Flora & Fauna Masquerade

Hidden lives, wild forms, and a little theatrical mystery

Adventure Canada has never been accused
of taking itself too seriously...

For our on-board theme night, we invite you
to step into the wild side. Get inspired by
the wonderfully overlooked — feathers,
bark, scales, lichens, camouflage, and
creatures great and small. Interpret the
theme however you like, and get creative...
there are “major” prizes involved.
