

# Expedition Team Travel Overview

## Baffin Island and Greenland: Circling the Midnight Sun

**August 15 to August 28, 2026**

Starting Point: Ottawa, Ontario

Ending Point: Toronto, Ontario

© Dennis Minty

We're thrilled you'll be joining us on this expedition! This document contains important information about getting to and from your trip and what to expect as your expedition approaches.

## Charter Flight

- **Pre-Trip:** August 15, 2026, from Ottawa International Airport (YOW) to Iqaluit International Airport (YFB).
- **Post-Trip:** August 28, 2026, from Kangerlussuaq Airport (SFJ) to Toronto Pearson International Airport (YYZ).

## Travel Documents

- **Passport:** Please ensure your passport is valid and meets the entry requirements for the destination.
- **Canada ETA Requirement:** Some visitors to Canada must obtain an Electronic Travel Authorization (ETA). Ensure you look into [information](#) on who required the authorization and how to apply for it.
- **Other Documents:** It is your responsibility to obtain any required travel documents (e.g., visas) and ensure they are up to date. Without the proper documentation, you may be denied boarding or entry to the destination country.

## Getting To and From the Expedition

Adventure Canada will arrange and cover your airfare from your home to the departure city and back from the arrival city post-voyage based on the most economical fare available. If overnight stays are required, we will book and cover shared hotel accommodations with another expedition team member.

One to two travel days ahead of the start of the expedition should be anticipated unless otherwise communicated. Your confirmed travel itinerary will be emailed closer to departure.

Adventure Canada will also pay for the following expenses you may incur in transit:

- the cost of one piece of checked luggage on flights
- the cost of transportation to and from your nearest airport
- meal expenses while travelling to and from the expedition. Adventure Canada will cover up to \$75 CAD based on your itinerary. This amount will be pre-populated in your post-trip invoice.

Please retain all receipts and claim those expenses when invoicing Adventure Canada after your voyage, or reimbursement will not be made.

## Flight Deviations

It is possible to deviate your flight to arrive earlier or stay longer in the gateway city. Any difference in costs for the flight will be deducted from your final payment. Approval of your requested Flight Deviation is not guaranteed. Deviation requests must be submitted within 5 days of receiving your 'Welcome & Everything You Need to Know' email. Please note all flights are booked based on the most economical options directly with an airline.

Please submit your request to [team@adventurecanada.com](mailto:team@adventurecanada.com).

## Baggage

On expeditions beginning and/or ending with charter flights, due to weight restrictions, team members should aim to remain at the same baggage limit as all guests. Each individual has 20kg allowed as checked luggage and 10kg as a carry-on. You may not carry more than 10kg as carry-on luggage, and you may not add the difference to your checked allowance should your carry-on weigh less than 10kg.

**Additional baggage weight cannot be purchased on charter flights.** We strongly recommend weighing your bags prior to departure to ensure an efficient check-in. If you anticipate going above these limits, please submit your request directly to [team@adventurecanada.com](mailto:team@adventurecanada.com) as soon as possible so we can confirm if your additional weight/baggage is approved.

When travelling commercial to and from the gateway city, you are welcome to bring a second checked bag; however, **this expense will not be covered by Adventure Canada**. Please consider all flights to and from the ship when adding extra baggage, as one of these flights may be a charter.

## Insurance and Medical Emergencies

Adventure Canada will cover the cost of your emergency medical and evacuation insurance. Depending on where you reside, instructions for obtaining insurance will vary. In some cases, we may ask that you purchase your own travel and emergency medical evacuation insurance and invoice the cost of it at the end of your voyage.

If a personal medical emergency occurs that requires an evacuation from the vessel, arrangements will be made on your behalf.

## Expedition Team and Guest Orientation Meeting

Attendance at the Guest Orientation Meeting, which takes place the day before or the day of the expedition is mandatory. Travel arrangements will be made to ensure that all team members can participate. You will be paid your regular Daily Rate for the Expedition Team Orientation and Guest Orientation Day(s).

## E-sims

To cut back on your data roaming charges and remain connected to the team while in the UK and Europe, we suggest purchasing an e-sim. A recommended and reliable e-sim can be downloaded [here](#). Please note that any costs associated with this are your responsibility.

## Keep an eye on your inbox for...

- **Travel Itinerary:** You will receive an email with your booking details ahead of the start of the expedition.
- **Insurance Policy:** An email with your travel insurance policy will be shared with you.
- **Final Joining Instructions:** Approximately 10 days before departure, an email containing information on hotel accommodations and the staff meeting time will be sent to you.

If you have any questions, don't hesitate to reach out to us at [team@adventurecanada.com](mailto:team@adventurecanada.com)—we can't wait to share this incredible adventure with you!
