

Moving to a Bed

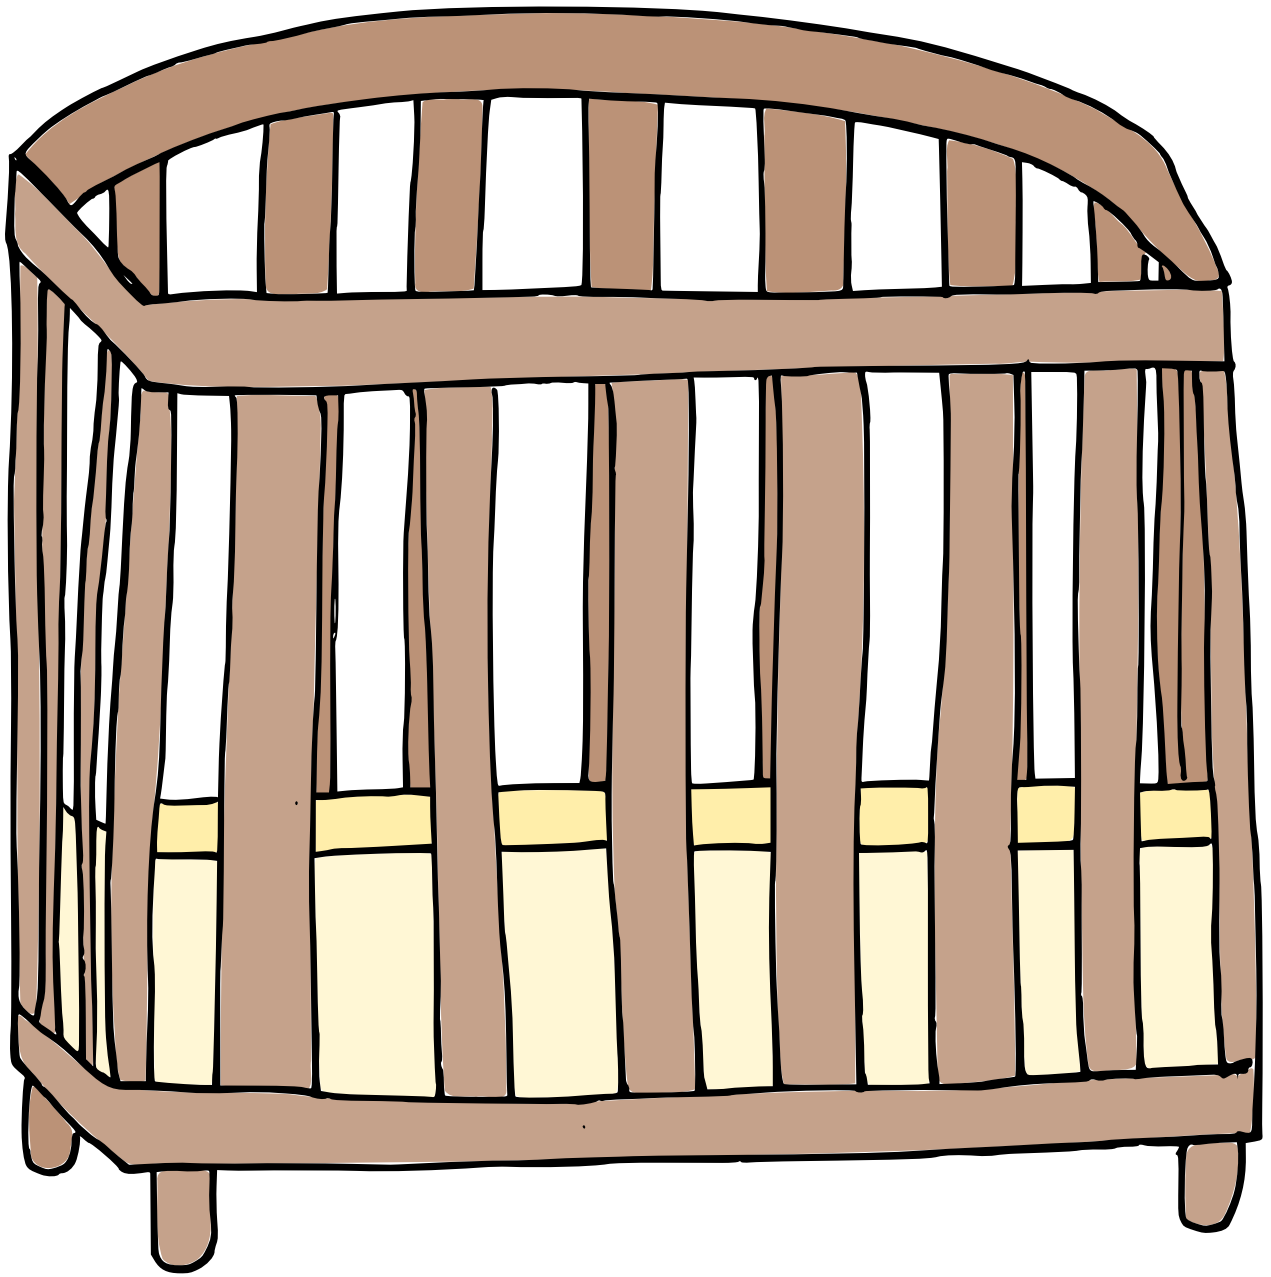

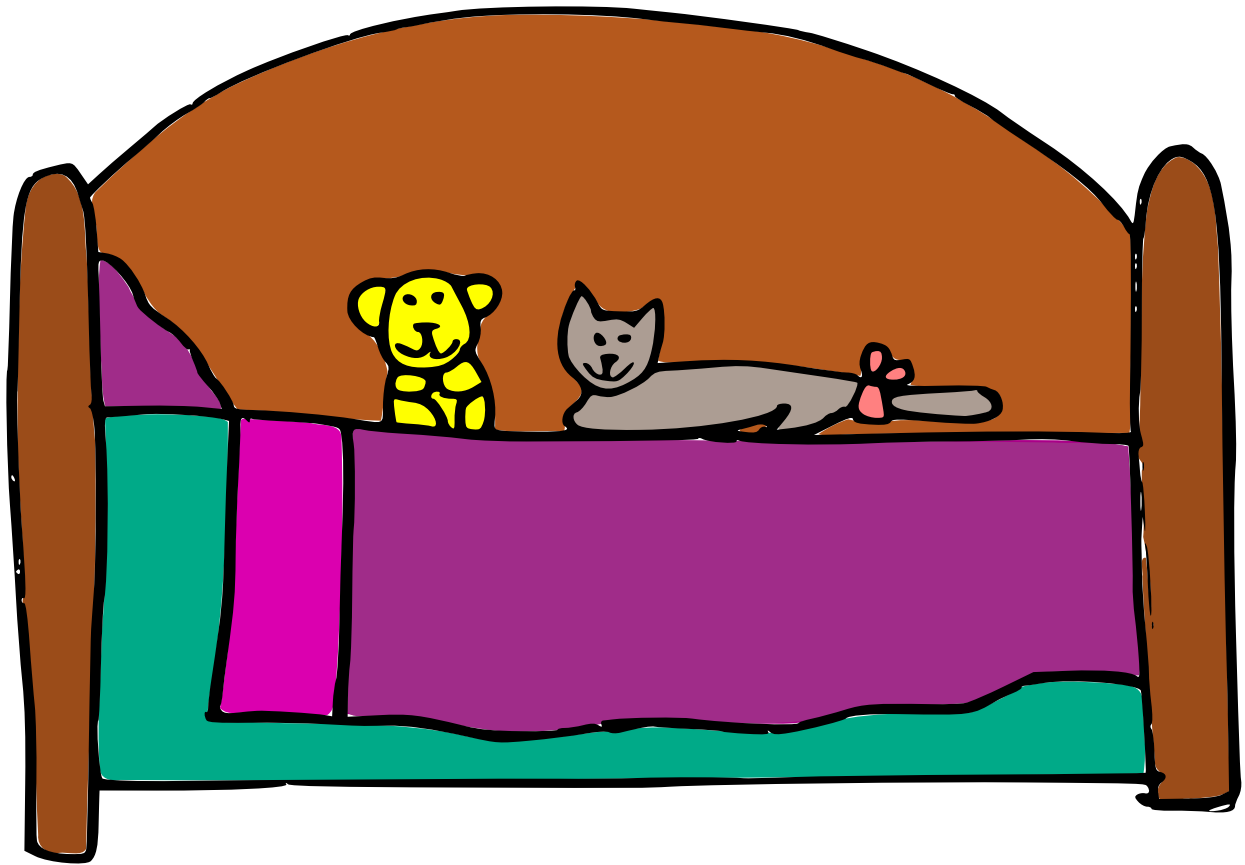

I'm a big kid now!

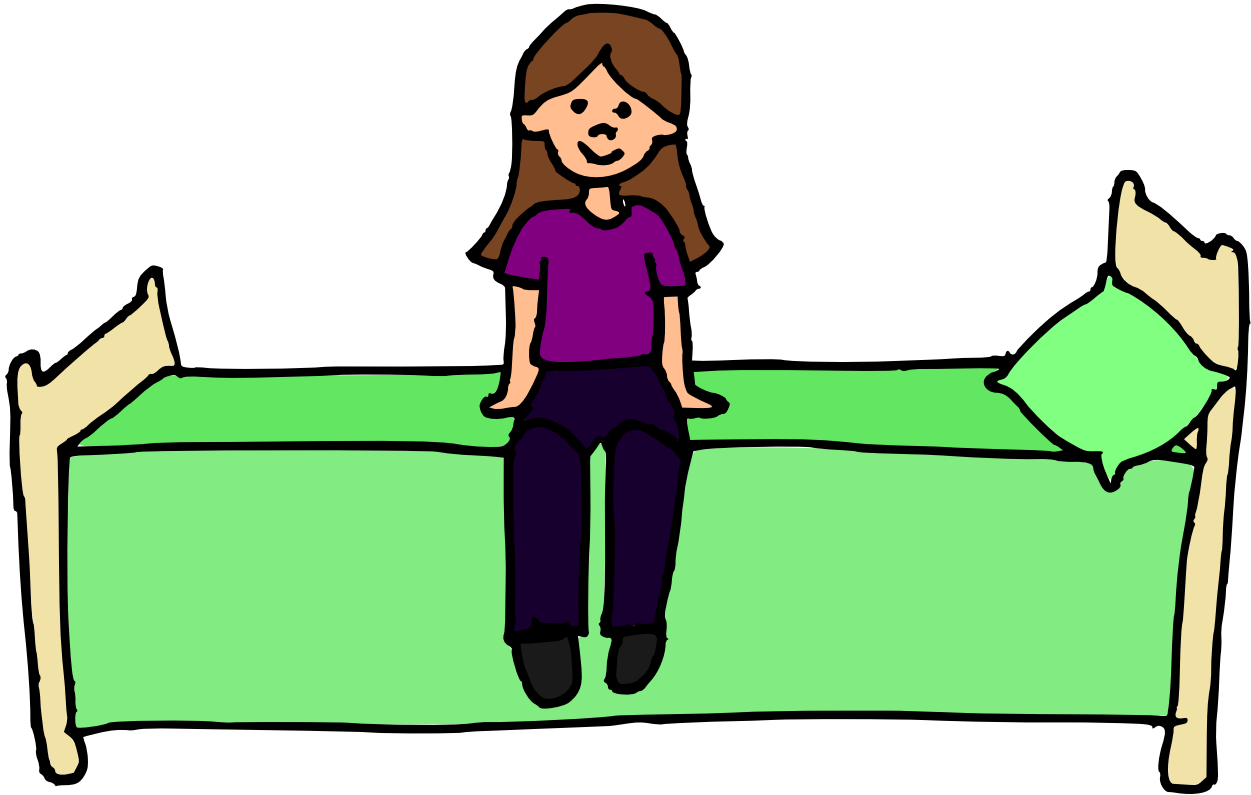

Because I'm so big, it's time for me
to sleep in a bed.

Cribs are for babies.

My new bed doesn't have sides like a
crib.

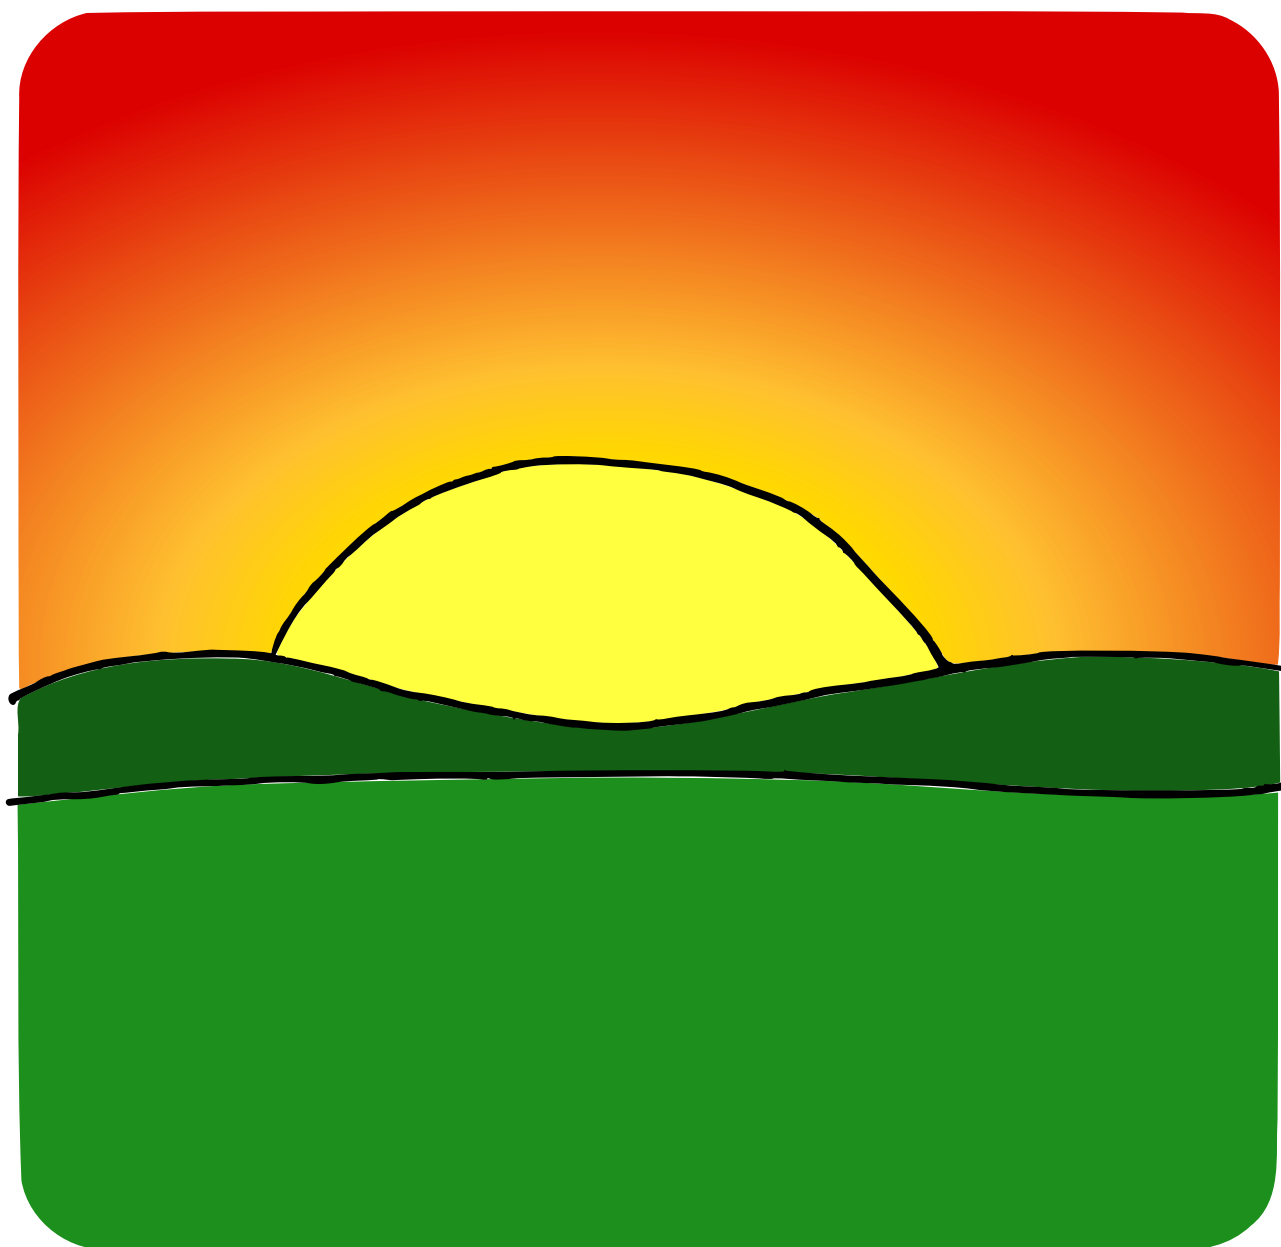

That makes it easier to get out of
bed.

At night, I will stay in bed.

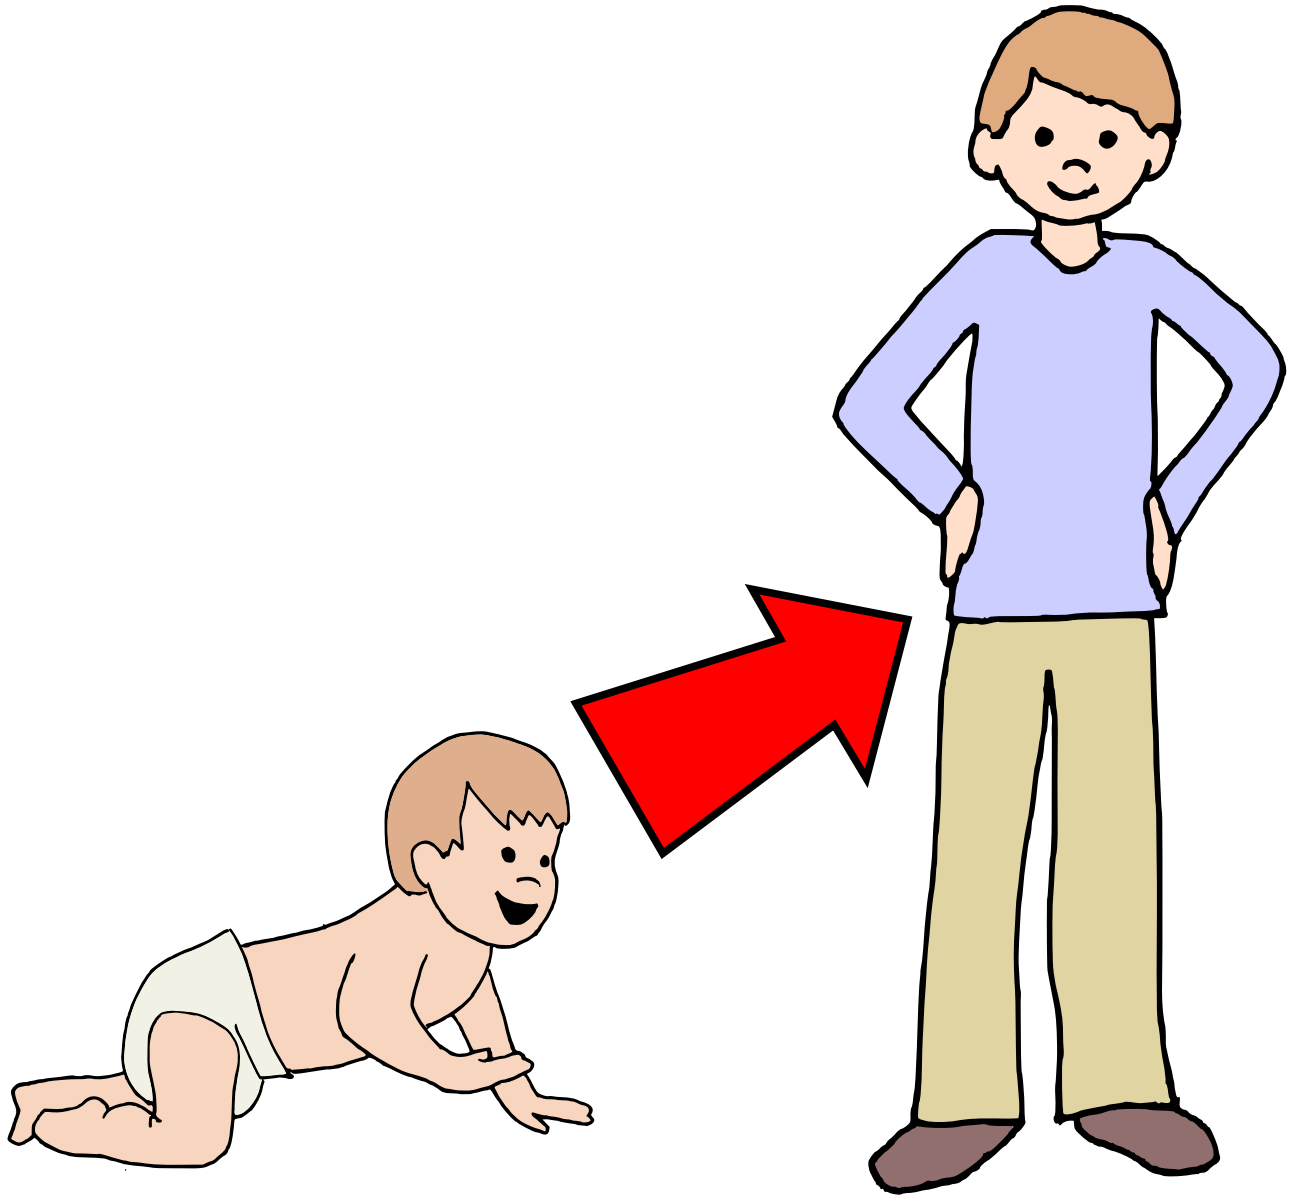

I will sleep just like I did in my crib.

When my clock tells me it's morning,
I can get out of bed.

I will stay in my room and play quietly
until Mommy or Daddy comes to get
me.

Growing up is fun!
