

REGULATORY FUNCTIONS

EMERGING TECHNOLOGIES

Artificial Intelligence
Blockchain
Internet of things
Data Analytics
Drones and Bots
Augmented reality
3D printing
Robotic Process Automation

FOUR CORNERS BRAINSTORM

- **EACH CORNER OF THE ROOM HAS BEEN ASSIGNED AN EMERGING TECHNOLOGY**
- **CHOOSE YOUR CORNER**
- **YOU WILL HAVE 20 MINUTES TO DISCUSS RESPONSES TO THESE FOUR QUESTIONS:**
 1. What are areas, tasks or challenges where this emerging reg technology could be used? What impact would it have?
 2. What barriers do you see to applying this technology?
 3. Could the application of this technology in your area have broader application across government? What would that look like?
