## Rules of the Program

The more you spend, the more you save! Once you make your first purchase with coquo, your invoices will begin to be tabulated. The discount associated with the minimum spend will be effective progressively and will be adapted according to how much you spend in a one-year period (see table below). On the anniversary date of your first purchase, according to the amount that you spent in that year, the discount % will be carried over to the next year.

Discount %	Minimum spend
10%	From \$0 to \$20,000
15%	From \$20,001 to \$50,000
20%	\$50,001 and more

Please note that for the second year (from the anniversary date of your first purchase) you will need to maintain the purchasing amount that corresponds to your discount in order to keep your status. In the event that the minimum spend is not maintained, the discount will return to 10% for the following year.
