

Virtual Medical Master Class: Microneedling 101 hosted by Monica Puckering

November 30th, 2020
2pm EST/11am PST

You will leave this Master Class with an in-depth knowledge of:

- The science behind microneedling treatments
- How to elevate microneedling treatments using DermalogicaPRO products
- How to maximize results with Dermalogica home-care solutions

*PLUS! Watch a live demonstration of a microneedling treatment using DermalogicaPRO products.

*subject to COVID-19 provincial regulations & approval of skin treatments performed without masks.

With over 10 years experience in the medical aesthetics industry, Monica brings a wealth of knowledge and expertise into the various medical aesthetic treatments and devices available in today's market. She is currently an instructor with Dermalogica Canada, leading the medical initiative and specializing in skin care, advanced treatments, modalities, and protocols
