CPU Holders

Ergonomic CPU storage solutions for workplace efficiency

Nomad™

Easy Cinch™

The EasyCinch™ has an innovative strap-supported design that enables space saving and secure suspension of the PC under the desktop. Users benefit from this off-the-floor storage solution. EasyCinch™ provides improved workspace efficiency and easy accessibility. The integrated retractability and swivel function prevent knee and leg space infringement. The Nomad™ is a versatile PC trolley that provides a secure and speedy means of relocating CPU units throughout the office. It also creates convenient, mobile, under-the-desk PC storage that frees both workspace and leg space.

INNOVATIVE IDEAS IN WORKPLACE COMFORT

ERGONOMIC ACCESSORIES INC.

EasyCinch™ Advantages:

- CPU holders retract and swivel to allow full accessibility and easy storage away from the operator's important knee space

- Accommodates all CPUs weighing up to 75 lbs (34kgs) and measuring 64" (1625 mm) in perimeter, including all odd shaped CPUs

- Installation is quick and easy with the patented "Cinch & Lock" device for tightening the straps

- Handy adjustment tool stores within unit

- Safety feature prevents accidental release of strap tension

- Straps can be tightened while CPU is suspended

- Eliminates unnecessary, unnatural bending motion to load media or access cabling

- Mounts underneath most work surfaces

- Soft-touch feet protect CPU surface

- Easily converts to horizontal CPU installation (with optional adapter set)

- 360˚ swivel option provides easy access to CPU cable inputs

- Rugged steel construction

- Lifetime warranty

The Nomad™ Advantages:

- CPU can be quickly and securely moved throughout the office without the risk of falling

- Safely stores the CPU under your desk to maximize desk space above

- Tilts back 10˚ for easy access to media drives

- Accommodates every size and shape of CPU

- Contemporary high-tech design

- Rugged steel construction

- Lifetime warranty
