

Dundas Connects

NOTICE OF STUDY COMPLETION

Municipal Class Environmental Assessment

The City of Mississauga has completed Phases 1 and 2 of the Municipal Class Environmental Assessment of the Dundas Corridor Study which culminated in a master plan document, titled, Dundas Connects Master Plan. The purpose of this study is to determine an approach to integrate transportation and land use planning, and implement best practices along the corridor to address current and future needs and opportunities. The segment of Dundas Street covered by the study recommendations is between Highway 403 in the City of Mississauga and Kipling Subway Station in the City of Toronto. Three rounds of Public Information Centres were held in April 2016, October 2016 and April 2017 to provide interested parties with an opportunity to review and discuss issues related to the study. Comments received from the public, agencies and other stakeholders during the course of the study have been considered in the preparation of the final report.

The study has followed the approved environmental planning process for a Master Plan under the Municipal Engineers Association Municipal Class Environmental Assessment (Class EA) document, as amended in 2007, 2011 and 2015, which is approved under the Ontario *Environmental Assessment Act*. The Master Plan has been prepared to a level of detail that satisfies the Phase 1 and 2 requirements for each proposed recommendation identified in the Master Plan. The most significant recommendations identified include:

- Supporting mixed use, transit-supportive intensification across Dundas Street and in key areas
- Bus Rapid Transit (BRT) along Dundas Street as the preferred transit solution
- Creating a complete street for all users

Implementation of these proposed recommendations, for which the next step will be the design phase, has not been scheduled. Additional details for the study recommendations including locations and scope are provided in the Master Plan, which is available on the Dundas Connects website: www.dundasconnects.ca. Printed copies of the plan are also available for viewing at the following locations starting from August 1, 2019:

City of Mississauga Central Library
301 Burnhamthorpe Rd. W
Mississauga, ON L5B 3Y3

Woodlands Library
3255 Erindale Station Rd.,
Mississauga, ON L5C 1Y5

South Common Library
2233 South Millway Dr.,
Mississauga, ON L5L 3H7

Cooksville Library
3024 Hurontario St. Suite 212,
Mississauga, ON L5B 4M4

Mississauga Civic Centre
Planning Service Centre, 3rd floor
300 City Centre Dr., Mississauga, ON L5B 3C1

Interested persons should provide written comments to the contact listed below to identify any concerns or request further information within 30 calendar days of the first issue of this Notice.

Mark Mueller, B.E.S.
Transportation Planner, Transportation
AECOM
5080 Commerce Boulevard
Mississauga, ON L4W 4P2
Phone: 905-206-8119
E-Mail: mark.mueller@aecom.com

Karin Phuong, MCIP, RPP
Planner, City Planning Strategies Division
City of Mississauga Planning and Building Department
Mississauga Civic Centre, 300 City Centre Drive,
Mississauga, ON L5B 3C1
Phone: 905-615-3200 ext. 3806
E-Mail: karin.phuong@mississauga.ca

If concerns arise regarding any of the proposed recommendations described in the Master Plan which cannot be resolved through discussions with the City, a person/party may request the Minister of the Environment, Conservation and Parks to make an order for the study to comply with Part II of the Environmental Assessment Act (referred to as a "Part II Order"). Requests must be received by the Minister at the address provided below within 30 calendar days of the first issue of this Notice with a copy to the Director, Environmental Approvals Branch and the City of Mississauga contact.

Minister
Ministry of the Environment, Conservation and Parks
Floor 11, 77 Wellesley Street West
Toronto ON M7A 2T5
E-Mail: minister.mecp@ontario.ca

Director, Environmental Assessment and Permissions Branch
Ministry of the Environment, Conservation and Parks
135 St. Clair Avenue West, 1st Floor
Toronto ON M4V 1P5
E-Mail: enviropemissions@ontario.ca

If there is no request received within that timeframe the proposed recommendations will proceed to a Transit Project Assessment Process (TPAP) and will consider alternative design concepts. Please note that Part II Order requests may apply to the individual recommendations described in the Master Plan, but not to the study itself.

Personal information is collected under the authority of the Environmental Assessment Act and will be used in the assessment process. With exception of personal information, all comments shall become part of the public records. Questions about this collection should be directed to the City of Mississauga and/or its consultants contact listed above.
