32	Other	Clarington baseball teams have been in need of an indoor facility to use during the winter months. If a gymnasium at the new rec centre had the capability of having an indoor batting cage (similar to the retractable ones at the Oshawa Civic Centre) Clarington teams would be able to practice in the municipality during the offseason.	7/4/2019 5:50 AM

41	Fitness / Wellness	Fitness centre!	7/1/2019 5:51 PM
42	Multi-purpose	Would like to see yoga and fitness programs added to this facility as well. Having said that, those rooms should be not placed such that other activities in that facility would not disrupt classes. In other words, not like Alan Strike as an example.	7/1/2019 5:23 PM
43	Multi-purpose	We need more space for fitness classes, currently fitness programs are displaced due to overbooking and aquatic schedules. Fitness classes seem to take a back seat to all others since the change in leadership. It's a shame since we are blessed with such talented instructors with no place to teach.	7/1/2019 5:06 PM

47	Aquatics	Just a swimming pool that has a shallow end for kids please! The only pool in Bowmanville is the Alan strike and it's way too deep for my kids to even use. We need a shallow water pool for toddlers and children that aren't over 5 feet tall!	7/1/2019 11:48 AM

63	Outdoor Space Dog Walking Park. Outside Paved Walking Area with Benches for Seniors.	6/29/2019 5:23 AM
64	Other Children's after school programming, a designated place to have children's activities for PA days, March Break, summer - where they can use the gym, have pool time, and other programming. We are crying for this in Clarington. Please make space for this.	6/29/2019 4:49 AM

88	Gymnasium Other Space for at least three volleyball courts with ample space between them would be amazing. At least two full size basketball courts would be amazing too. They would likely fit the same dimensions (two basketball courts and three volleyball courts). A big key for volleyball is the ample space between each court.	6/27/2019 5:52 AM

95	Other	Tennis courts	6/26/2019 3:28 PM
96	Other	Indoor turf for lacrosse year around. Missing out on a huge amount of revenue in the winter that the city of Oshawa gets because they have a Children's Arena.	6/26/2019 3:23 PM
97	Ice	More ice for the kids leagues and adult leagues.	6/26/2019 2:49 PM
98	Comment / Sentiment	They are currently used by the Darlington Soccer Club and I would like them to remain with that.	6/26/2019 1:37 PM
99	Ice	More ice!	6/26/2019 1:16 PM
100	Comment / Sentiment	All are needed in our growing communities.	6/26/2019 1:11 PM
101	Other Outdoor Space	We need a better soccer facility with another indoor field, and an outdoor turf field.	6/26/2019 1:11 PM
102	Comment / Sentiment	I want it to be connected to walking and bike trails, and be easily accessible for transit users as the community grows.	6/26/2019 12:54 PM
103	Ice	Ice!!!	6/26/2019 12:50 PM
104	Ice Lobby/Admin	An all purpose space for the community. Homes for each of our hockey organizations. IE Toros at one. Flames at another. Etc. Gives everyone a home. I think south bowmanville could become a hub for all sports. Please consider a restaurant even overlooking the pads or at least nice viewing areas and some good seating like Rickard pad a and not like pad b. Good site lines. Decent sound system. Make it the place Clarington deserves. Money well soent	6/26/2019 12:39 PM
105	Lobby/Admin	Would love to see a properly run concession stand. Would love to have more ice space with a possible mini sticks 'ice pad' to use for sblings while at the rink.	6/26/2019 12:33 PM

108	Aquatics	Slide and diving board for the pool!	6/26/2019 12:15 PM
109	Multi-purpose	Please include enough program rooms for fitness activities to be held without interruption. Presently, the yoga class at Alan Strike has been cancelled for the summer due to a conflict with aquatic programs. All other fitness classes in Alan Strike were suspended for the summer but relocated to the library.	6/26/2019 12:00 PM
110	Ice	Ice rink for hockey	6/26/2019 11:55 AM
111	Fitness / Wellness Walking Track	A stadium style sports facility. Nothing major but something that has a bowl style and could be with grass. Clarington needs more gym space and indoor track is fantastic. An addition to south Courtice arena would be great too with pool and gym. Is there a meeting?	6/26/2019 11:53 AM
112	Multi-purpose	55 plus program	6/26/2019 11:06 AM
113	Comment / Sentiment	I live in the northern part of Clarington, and I would really like to see an expansion or new build of services up in this part of the community instead of Bowmanville South. An idea would be to renovate Darlington Complex on Taunton Rd next to MJ Hobbs. I would love to see a branch of the library, more ice pads, and programming space. It is great that so many services are available in the main urban centres in Clarington, but services closer to home would be very much appreciated.	6/26/2019 10:56 AM
114	Outdoor Space	Consider an outdoor turf field if space allows. We don't have any such facility in the immediate area and with the last few Springs being as wet as they are, I'm certain it would be a hit.	6/26/2019 9:52 AM
115	Other	More soccer turf so you don't need to worry about closing fields all the time	6/26/2019 9:35 AM
116	Aquatics	Lazy river	6/26/2019 9:32 AM
117	Ice	Clarington needs more ice arenas!!!	6/26/2019 9:27 AM

122	Ice	Arena - so kids can have ice time	6/26/2019 8:43 AM
123	Ice	No, we have enough swimming facilities and libraries what we need is more ice time. Kids in Bowmanville don't even play in Bowmanville	6/26/2019 8:40 AM
124	Ice	Another ice rink facility is strongly needed for Clarington. Clarington needs to attract more people and hockey..lacross teams...time to get Clarington on the map to be the place to go to!	6/26/2019 8:34 AM
125	Ice	Lobby/Admin Hockey arena with a small mini stick arena for siblings to use.	6/26/2019 8:17 AM

127	Multi-purpose	Make it the headquarters for "Clarington 55+ Active Adults".	6/26/2019 7:56 AM
128	Ice	Walking Track Ice pads with indoor walking track. Travelling around for tournaments, these seemed to be used everywhere we go!	6/26/2019 7:55 AM
129	Ice	Ice arena	6/26/2019 7:44 AM
130	Comment / Sentiment	NO POOL!	6/26/2019 7:44 AM
131	Ice	Ice arena	6/26/2019 7:44 AM
132	Outdoor Space	Functional baseball diamonds. Our arena space is also suffering as we often have to travel to Oshawa for their ice times.	6/26/2019 7:40 AM
133	Ice	Just wanted to note that it's darn near impossible to get ice time at a reasonable hour. Clearly Clarington is growing, and it's absolutely necessary to keep up! Thank you so much.	6/26/2019 7:39 AM
134	Ice	We need to have a complex similar to the ones in Whitby and Oshawa offering a one stop activity centre, where the whole community can enjoy ... there is a shortage of ice time and our children shouldn't have to go to other communities, keep the money they pay for it in our town.... [REDACTED]	6/26/2019 7:30 AM
135	Ice	ICE ICE ICE!!!! We do not have enough ice for all of the hockey teams in Clarington and growing! And also include a restaurant and bar!	6/26/2019 7:27 AM
136	Ice	We are desperate for more ice time in this town. There are enough gyms and pools	6/26/2019 7:25 AM
137	Ice	A minimum of 4 ice pads. This community is growing at an exceptional rate and the sports community is growing just as quickly. Our facilities are lagging behind every other community. If you're to build a new facility, please build it right the first time. (Similar to building a new school then realizing you now need portables. It is extremely disappointing to the residents). We already have 2 ice pads, that is not nearly enough for this area. Children are missing out on sports because of the lack of available ice/pad time for all who want to join. Please consider the Delpark facility in oshawa as a guide for the new Clarington facility. It is an excellent, well laid out recreation centre with a logical amount of pads and the other features that Clarington is desperately missing. Thank you very much for considering my opinion.	6/26/2019 7:11 AM
138	Ice	Walking Track Put a waking track around the arena pad dual purpose and good use of space	6/26/2019 7:08 AM
139	Ice	Arena!!	6/26/2019 7:07 AM
140	Ice	4 pad arena	6/26/2019 6:40 AM
141	Ice	4 pad arena	6/26/2019 6:40 AM
142	Outdoor Space	adding a cricket pitch to the outdoor fields would be great. there are very limited areas in ontario to play cricket and I think it would be a great addition. please also add some simple signage on the site to indicate which field is which. even the onsite staff was not sure and had to reference a vague description off the website.	6/26/2019 3:42 AM
143	Other	Day care facilities for kids for those adults spend time during activities in the community.	6/26/2019 3:30 AM
144	Comment / Sentiment	no	6/26/2019 3:04 AM

New South Bowmanville Recreation Centre

145	Comment / Sentiment I live in the east end of Courtice (mailing address is Bowmanville) and currently belong to City of Oshawa fitness to have access to the walking track at Delpark. Any chance of a walking track in Courtice? It is faster for me to drive to north Oshawa then to the proposed site in Bowmanville (as it is for most people and Courtice). Why not build something in north Bowmanville where the building is happening? Building isn't happening in the area of the new site, it is happening all along the north side of Courtice and Bowmanville.	6/26/2019 1:54 AM
146	Walking Track Love the indoor track idea or something like the abilities centre in Whitby, but for everyone	6/25/2019 3:06 PM
147	Lobby/Admin food court	6/25/2019 12:34 PM
148	Other Indoor playground	6/24/2019 6:57 PM
149	Comment / Sentiment Ice We believe this is proposed for the baseline facility. The new development should encompass a twin/quad ice rink development and proper facilities for the existing complex. While a neat idea to incorporate two brick backstops on the large ball diamonds this should never have happened at the expense of washroom/concession facilities. Two portable toilets widely dispersed is an embarrassment and was a big miss in the original development of the existing baseball/football/soccer facilities. There are many examples of a combination of ice rinks, gyms, track, pool in various communities. Cobourg/Kingston and others provide examples of all encompassing facilities. We should leverage the local business community as much as possible. Our kids will have moved on by the time this development comes to fruition however our hope is that they will move back to enjoy Clarington after their post secondary studies and we can provide them with the first class facilities for their children that they should expect from a growing community.	6/24/2019 6:49 PM
150	Other Outdoor Space Walking Track Family friendly facility with monthly price to access all services. Possible childcare options (but once this is built it probably won't be as important to our family - 2 & 4 year olds currently). Outdoor facilities as well. Highest priority would be indoor track. The closest one currently is Oshawa. Too far to go and would be a welcome addition to Bowmanville.	6/24/2019 4:24 PM
151	Outdoor Space Outdoor Tennis courts.	6/24/2019 8:41 AM
152	Aquatics Pool	6/24/2019 7:11 AM
153	Ice Ice rinks in Newcastle	6/24/2019 6:52 AM
154	Other This is a great idea and will add lots of benefits to the community and region. I STRONGLY SUGGEST adding bike lanes and paths towards this area from all roads leading towards it to advocate for increased physical activity.	6/24/2019 6:29 AM
155	Other Indoor tennis courts please!	6/24/2019 6:06 AM
156	Multi-purpose Area designated for senior activities	6/24/2019 4:41 AM
157	Comment / Sentiment The community would greatly benefit from a community centre similar to Delpark Homes Centre in Oshawa (formerly the Legends Centre). We need something like this in our community which fulfills EVERYONE's interests.	6/24/2019 4:31 AM
158	Aquatics Full accessibility, include accessible therapy pool...with adjustable floor to adjust pool depth (Scarborough YMCA McCowan and Ellesmere has this)	6/24/2019 4:01 AM
159	Other Indoor Tennis Facilities Indoor Squash Facilities	6/24/2019 3:23 AM
160	Other Another indoor soccer field	6/24/2019 3:14 AM
161	Other More indoor soccer space	6/24/2019 2:57 AM
162	Fitness / Wellness I would love to see fitness classes offered (weights, Pilates etc). I would much rather pay the fees to the local community then to a corporate gym membership	6/23/2019 7:57 PM
163	Other Indoor play area for small children	6/23/2019 7:36 PM
164	Lobby/Admin Indoor mini stick (hockey) area for little brothers while their siblings are on the ice!	6/23/2019 6:51 PM
165	Other A place to play squash, indoor volleyball. Would've loved to have seen the empty building turned into a fabulous rec space instead of used car lot.	6/23/2019 6:44 PM
166	Ice I would like to see a new arena in Newcastle. It's difficult to get ice time for the stars and old building is badly falling apart	6/23/2019 6:10 PM

New South Bowmanville Recreation Centre

168	Lobby/Admin	Concession stand Pro shop with skate sharpening	6/23/2019 5:01 PM
169	Other	Bowmanville definitely needs another library branch that is more easily accessible than downtown with free parking.	6/23/2019 4:52 PM
170	Gymnasium	Gynasium that can be used for other purposes ie pickleball. What about a seniors facility another home for the BOAA. A multi purpose facility similar to the Abilities Centre in Whitby.	6/23/2019 4:01 PM
171	Aquatics	50 meter 10 lane pool pool meeting swim Canada standards	6/23/2019 2:10 PM

173	Ice	Curling club	6/23/2019 1:38 PM
174	Outdoor Space	Outdoor splash pad attached and skate board board park for kids. Soccer fields outside and maybe a basket ball court. Very family friendly.	6/23/2019 1:34 PM
175	Multi-purpose	The indoor space can be multiple use. If it is a concrete floor, an artificial grass surface can be put over it for indoor soccer and indoor baseball and football training.	6/23/2019 1:20 PM
176	Multi-purpose	A teen drop in centre. With child and youth workers who run free programming, tutors to help with homework. A breakfast club. Or lunch club In the summer where kids learn to prepare the foods themselves. Someone to help find jobs. A housing worker to help youth find places to live and connect them with resources they need.	6/23/2019 12:55 PM

182	Outdoor Space	Outdoor splash pad	6/22/2019 6:00 PM
183	Other	Squash courts should be included in the plan. The two that are at Allan Strike are not enough for the ever growing population of Bowmanville.	6/22/2019 3:07 PM
184	Other	Turf football/soccer field	6/22/2019 2:03 PM
185	Other	Tennis courts	6/22/2019 11:37 AM
186	Comment / Sentiment	No	6/22/2019 10:38 AM
187	Aquatics	As a working mom with young children, I'd like to see programming available for middle aged women, like myself, available in the evenings. A lot of programs seem to run through the work day. I'd love to swim around 6pm.	6/22/2019 9:57 AM
188	Lobby/Admin	External beverage/food entity.	6/22/2019 6:01 AM

193	Fitness / Wellness	WE NEED ANOTHER FITNESS CENTER WITH IN THE MUNICIPALITY OF CLARINGTON!!! We are growing at such a fast pace, that although the current fitness center is a fabulous option, we NEED some thing of this nature in the Bowmanville area to help with the over flow.	6/21/2019 8:00 AM

New South Bowmanville Recreation Centre

194	Other This is a perfect time to build an indoor tennis facility. There is no such facility between Oshawa and Ottawa, which is incredible. This facility would also allow for pickleball, as the same courts with different markings can be used for both sports. Tennis is quickly becoming a great Canadian sport with the world-wide successes of our young players and the tremendous developments under the direction of Tennis Canada. Currently there are three Canadian teens (one female and two males) who are ranked in the top 25 players in the world. Many sports experts believe that tennis will attract many of our young athletes who may fear head injuries in many other sports. Pickleball is the fastest growing sport in North America. With an adequate indoor facility Bowmanville could become a centre for the development of tennis players in this part of Ontario. My name is [REDACTED], a Bowmanville resident and tennis player/enthusiast. I would love to assist in any way possible with the development of such a facility. I was a member of the Oshawa Tennis club and part of its executive for over 40 years. Thank you for this opportunity to share ideas.	6/21/2019 7:31 AM

198	Other A better library! Many items aren't available except for digital copies.	6/21/2019 3:34 AM
199	Fitness / Wellness We need fitness centres where there are programmes for kids so parents can workout while their kids are in lessons.	6/21/2019 3:00 AM
200	Outdoor Space Tennis courts, basket ball nets, outdoor pool and useable green space for yoga. Too much indoor specific listed here. Hockey ice too expensive. Let's learn to be outside too.	6/21/2019 2:57 AM
201	Gymnasium More gyms!!	6/21/2019 2:42 AM
202	Outdoor Space A big outdoor skate park. Newcastle does not have one and it's too far to get to Courtice to use the one outside the library. We need one close enough to Newcastle.	6/20/2019 7:29 PM
203	Other Baseball diamonds	6/20/2019 7:21 PM
204	Other Something that can be used by all ages. Event rooms with a small kitchen for beverages, ice cream cake in the freezer etc. Parking!	6/20/2019 7:20 PM
205	Comment / Sentiment No "other amenities of features" should be added; we have enough of these in our community already that we don't need to increase our expenses. there is enough green space, people should just go outside, it's economical and effective!	6/20/2019 7:04 PM
206	Multi-purpose Meeting rooms for non profit organizations	6/20/2019 6:36 PM
207	Other Indoor pitching/turf facility for winter training for softball and baseball	6/20/2019 6:25 PM

210	Design/Layout Accessible facility throughout	6/20/2019 5:04 PM
211	Aquatics I'd love to see a pool that was open for lane swim at any hour. I would love to swim for exercise but the hours are either when I work or when I'm done for the day and just want to relax. Wish I could come home from work and swim on the way or swim after my volunteer work, etc - any time. In Bowmanville I can't even find a paid gym membership that meets these requirements for me - the closest place is in Ajax with a \$100 per month membership that I can't afford.	6/20/2019 4:31 PM
212	Aquatics Other A facility like Diane Hamre would be great. Indoor space for the Ontario Early Years to set up Indoor Kiddie Gyms. I always register for programs in Newcastle because they have a better facility, would be great to stay here. Design it after Iroquois in Whitby, where people can go to do all their recreation sports and dry practices, etc.	6/20/2019 4:23 PM
213	Outdoor Space Outdoor pickle ball courts Outdoor basketball pads	6/20/2019 4:19 PM
214	Aquatics -Aquatic centre with capability for swim meets 8 lane 25m pool min with spectator space and large deck	6/20/2019 4:18 PM
215	Aquatics More so than any other component a 50m pool has the ability to draw numerous user groups who are traveling at minimum an hour away (2 hours + if further east) I think its an opportunity to create a draw to our local economy	6/20/2019 4:17 PM

220	Multi-purpose The need to help all people first. -First responders , Quiet , warm room for not just yoga but all sorts of healing modalities. [REDACTED]	6/20/2019 4:08 PM
221	Aquatics If you build new pool please make it the proper size. The lanes at Courtice are not as wide as Alan Strike and Newcastle. Lane swimming is becoming more popular, having the proper size lanes increases the efficiency and enjoyment of a lane swim. Thanks	6/20/2019 4:05 PM
222	Other -Arts & Culture -special events - concert venue -galleries /museum -accessible	6/20/2019 4:04 PM

227	Other Museum / library / cultural interpretive space for visitors and residents to learn about the rich cultural history of Clarington	6/20/2019 3:48 PM
228	Comment / Sentiment I like all the components on the list but if things need to be cut, I would let go of in the following order Branch Library Tourism Aquatic Facility	6/20/2019 3:46 PM
229	Gymnasium Multi-purpose Other Tennis courts 2 or 4 (indoor) Badminton courts Soccer field (indoor) Can it be multipurpose facility to convert soccer fields and tennis (vise-versa)	6/20/2019 3:45 PM
230	Aquatics Fitness / Wellness -Aquatic facility needs to accommodate competitive swimming . 50m pool with viewing -Fitness space might be fore for group rather than equipment	6/20/2019 3:41 PM
231	Other Outdoor Space Branch library with identified spaces though out community centre. Outside space as important (park-splash pad-gazebo area) Rock climbing Skate park inline skate track outdoor basketball courts soccer fields - don't want to lose to gain dog park youth devoted space (music studio/recording)	6/20/2019 3:39 PM

New South Bowmanville Recreation Centre

244	Multi-purpose Other Outdoor Space	Fitness centers already exist, Plant Fitness, Good Life. Instead multi purpose rooms used for yoga , palates, core fitness, aerobics. Indoor fitness centers like the outdoor parks fixed equipment spend out along the walking tracks , maximise spaces . Admin offices and tourism a must	6/20/2019 1:51 PM
245	Gymnasium	Basketball courts, volleyball courts	6/20/2019 1:50 PM
246	Aquatics	Water area like the grande prairie community centre.	6/20/2019 1:47 PM
247	Aquatics Ice	Comment: Relocate twin pad arena to Diane Hamre location. East Clarington is long-overdue for 2 new pads. Focus 50m competition pool as core to the complex	6/20/2019 1:45 PM
248	Aquatics Multi-purpose Walking Track	-8 lane 50m pool or 8 lane 25m pool -viewing gallery @ pool -deck space -fitness centre -track -multipurpose spaces- retractable seating @rink etc. Yoga & other quiet facilities one in the same	6/20/2019 1:43 PM

250	Aquatics	Accessible salt water pool	6/20/2019 12:31 PM
251	Outdoor Space	Outdoor leisure skating for winter would be amazing.	6/20/2019 12:27 PM
252	Comment / Sentiment	Don't we already have an aquatic facility at Strike on Liberty??	6/20/2019 11:20 AM
253	Comment / Sentiment	Don't we already have an aquatic facility at Strike on Liberty??	6/20/2019 11:20 AM
254	Outdoor Space	More softball diamonds	6/20/2019 10:29 AM
255	Ice	Make it a 4 ice pad complex to keep up with demand. A double ice pad will be at full capacity when it opens.	6/20/2019 7:32 AM
256	Aquatics Multi-purpose Other	A pool that's warmer for kids. Also a regular pool. We have to drive to Oshawa for a warmer pool. We want to start swimming lessons but traveling to Oshawa is just not ideal. We just started soccer indoors and it would be nice to have more space for kids (and adults) to play indoors when it's too hot outside. Because our summers are going to keep getting warmer. And just a thought maybe in a separate area or a second floor, more room for child care? If it's going to be a big facility why not have a space for child care Monday to Friday. A canteen that does pop, chips, water maybe French fries ect. For when games end or when spectators are watching (in a separate area) games/swimming.	6/20/2019 7:15 AM
257	Aquatics Multi-purpose Other	A pool that's warmer for kids. Also a regular pool. We have to drive to Oshawa for a warmer pool. 258	Outdoor Space	Passive green space, trees and parkland. Reduce environmental impacts of asphalt parking lot and storm water collection.	6/20/2019 6:35 AM
259	Design/Layout Other	Cutting edge features for people with disabilities and families. Family change room should have lots of stalls and each stall should have a baby change table, like at Audley Rec Centre in Ajax. Indoor wayfinding: signs, tactile direction flooring, blindsquare etc. Good acoustics throughout! I'd love to see Sledge hockey rink (clear boards, removable team benches, etc.)	6/20/2019 6:03 AM
260	Ice	If twin ice pads are considered, Olympic size pads would likely attract more tournament revenue.	6/20/2019 4:06 AM
261	Other	Squash Courts	6/20/2019 3:42 AM
262	Comment / Sentiment	Can't think of any.	6/20/2019 12:22 AM
263	Ice	More than 2 ice pads...	6/19/2019 8:36 PM
264	Aquatics Ice Multi-purpose Other	I would love a set up that supports fitness opportunities for parents while their kids are in programs. For example, running track at the arena. A swim facility that supports lane swimming for parents/caregivers while their children are in lessons. Library branch is a great idea so siblings have somewhere to be while waiting for siblings and not just playing screens in the bleachers. The new double-pad arena/community centre in fonthill is a wonderful example (except it could use a pool)	6/19/2019 7:24 PM

New South Bowmanville Recreation Centre

265	Outdoor Space	Baseball diamonds! With proper drainage so we can actually use them!!	6/19/2019 7:09 PM
266	Other	Squash Courts Rock climbing	6/19/2019 6:44 PM
267	Other	Clarington Hall of Fame	6/19/2019 6:31 PM
268	Other	Indoor tennis court 2nd indoor soccer field A FULLY accessible facility, not just AODA compliant	6/19/2019 6:26 PM
269	Aquatics	Competitive swimming pool.	6/19/2019 6:15 PM
270	Aquatics	A pool that can meet needs of competitive swimming but also broader use for rec...you can do both successfully. Amazing outdoor space for family use while waiting; not a tradition gym with equipment- leave that for local business but consider group programming for yoga, pilates, boot camp, dry land training, etc.	6/19/2019 6:14 PM
271	Outdoor Space	Outdoor basketball court	6/19/2019 5:34 PM
272	Other	Boccie Ball	6/19/2019 5:30 PM
273	Comment / Sentiment	Similar to Legends (Del Park) less the library	6/19/2019 5:12 PM
274	Multi-purpose	Seniors drop in centreso all the family can go together. Also loop system (t coil) installed for hard of hearing . Grant is available right now for federal level. Live closed caption for public announcements and the public areas rated for acoustics. This will bring the centre to a modern standard facility which then will include the deaf and hard of hearing. In line with Bill C81 accessibility.	6/19/2019 4:57 PM
275	Gymnasium	There should be a basketball court and an indoor playground for children. They should also have facilities for dance and gymnastics.	6/19/2019 4:17 PM
276	Aquatics Ice Outdoor Space	A proper 50m pool, along with a teaching pool would fill a need for not just Bowmanville, but be a destination for swimmers from all parts of the Eastern GTA. An outdoor paved trail with workout stations (like the 'rocket-ship park in Whitby') would enhance this property for residence of all ages. The location seems not ideal for a library, as it is not very walk-able, and the growth of Bowmanville is to the north...not the south. Along with that, putting a twin pad in Newcastle should be a priority, as Courtice and Bowmanville already have twin ice. Similarly, a fitness centre would be nice, but Bowmanville has many private options, whereas Newcastle has essentially no options. Greater indoor space for turf sports (expand the indoor soccer area), as well as a triple gym. An indoor stage and auditorium would be perfect, as Clarington has no such recreational facility, yet at least 7 sheets of ice.	6/19/2019 4:08 PM
277	Other	We still need faculties for the soccer community. The field around the indoor facility has been used by teams, both in the house league and by the representative program to train. These fields are being overused by both sports and special events such as the rib fest. The elimination of these fields will leave the Darlington Soccer Club without any training facilities. Other communities have facilities that are far superior to the ones in Clarington. It is becoming more and more difficult for our teams to compete against other centres.	6/19/2019 2:14 PM
278	Ice Other Outdoor Space	Turf fields indoor and outdoor An outdoor pool Outdoor ice surface	6/19/2019 2:00 PM
279	Walking Track	Low cost programs Free walking track Play structure for children	6/19/2019 12:56 PM
280	Ice Other	As a parent of young children the library is essential. Bowmanville provides great kids programs but between the lack of parking and accessibility it is to much of a pain to get into. I would also like to see an indoor play structure for the winter months. It does not have to be as fancy as Joe world but free for those of us that can't afford it. In this town a fitness center and a pool would only be pushed by the upper class of Clarington. Far better use of funding could go to all by other projects. Twin pad I feel is needed to help keep kids local instead of Oshawa all the time. Removal of the football field to add additional softball diamond would also be more practical.	6/19/2019 11:54 AM
281	Other	Some sort of arts/culture/history facility would be interesting. Perhaps a room in the library dedicated to local history, similar to that of the McLaughlin branch of the Oshawa Library!	6/19/2019 11:49 AM
282	Multi-purpose	Drop in youth centre. I like the lounge area within newcastle facility	6/19/2019 10:57 AM
283	Other	3 or more squash courts	6/19/2019 10:44 AM
284	Other	3 or more squash courts. The existing squash centre can then be eliminated.	6/19/2019 10:42 AM
285	Other	Would love to see and indoor space that could be used for year round lacrosse and ball hockey as well as indoor batting cages for our baseball community so they can maintain their skills in the off season without having to travel to Oshawa or Pickering.	6/19/2019 10:11 AM

New South Bowmanville Recreation Centre

286	Fitness / Wellness	Exercise facilities for people with disabilities	6/19/2019 10:06 AM
287	Outdoor Space	We clearly require more baseball diamonds as supply does not meet the demands.	6/19/2019 9:59 AM
288	Multi-purpose	Another youth drop-in center.	6/19/2019 9:57 AM
289	Outdoor Space	Outdoor ice rink in the winter!	6/19/2019 6:42 AM
290	Other	Squash courts Indoor Tennis Courts Indoor rock climbing	6/19/2019 5:43 AM
291	Other	Ping Pong! I'll even donate the table taking up space in my basement LOL :)	6/19/2019 5:07 AM
292	Aquatics Multi-purpose Other	Would love something like the Oshawa Civic..full size indoor soccer/multi-use fields to offer sports programs during the winter. Full size turf field. Beach volleyball. Rock climbing/obstacle course. Tennis. Pool/complex like what is in Newcastle. Multi-use program rooms.	6/19/2019 4:51 AM
293	Other	I would like to see a new squash facility so that more people are able to enjoy squash in the Clarington.	6/19/2019 4:42 AM
294	Other	Additional squash courts would be well used in Clarington. The two at the Alan Strike Centre support a highly active and well organized squash club that continues to grow.	6/19/2019 4:35 AM
295	Lobby/Admin	Restaurant, something like Whitby's Boston Pizza	6/19/2019 3:47 AM
296	Aquatics	Larger family change rooms. We currently go to courtier community complex and the family change rooms are absolutely terrible. Not enough family stalls to accommodate the swimming class sizes. If money is trying to be saved. Why isn't an extension built onto garnet b? It's not very far from south bowmanville.	6/19/2019 1:44 AM

300	Other	Community squash courts would be amazing! Viewing area, 3-4 courts. The renovations at Strike are horrendous and have been a detriment to the Clarington squash community.	6/18/2019 6:12 PM
301	Ice	I would like to see 3-4 hockey pads added. The region is severely lacking for ice. Could be built like Delpark Homes Centre (formerly Legends Centre). Would allow for all kinds of activities and ability to host hockey tournaments bringing in extra tourism to the area.	6/18/2019 6:07 PM
302	Other	Squash courts.	6/18/2019 5:55 PM
303	Other	New squash courts to be included especially if Alan Strike is not remaining open .	6/18/2019 5:32 PM
304	Other	Programming for children after school to be included.	6/18/2019 5:27 PM
305	Other	It would be great for the community to have a more social place to play squash. 3 courts with adequate viewing and full back glass walls. This in itself helps grow the sport. The two courts at the Alan Strike facility lack the proper viewing and social aspect that is typically attached to squash facilities. Also, if this new Green Road facility causes the elimination of the Alan Strike facility, the squash courts will need replacing as well. Many thanks for reaching out for community input!	6/18/2019 5:22 PM
306	Other	Squash courts	6/18/2019 5:10 PM
307	Other	Squash courts with upgrades and junior and adult change rooms.	6/18/2019 4:59 PM
308	Outdoor Space	Outdoor space via seating with computer access, relaxation spaces ect	6/18/2019 4:39 PM
309	Gymnasium	Pickleball is a very fast growing sport among 55 plus with very little places to play. When we do go they are packed 35-40 people almost all the time.	6/18/2019 4:38 PM

338	Other	A daycare centre for the gym	6/18/2019 9:23 AM
339	Aquatics	A competition swimming pool. We have 1 pool that is old that can house competitive swimming. the facility can barely host competitions due to its small viewing area and deck space. The club is at capacity for swimmer - which is impeding on their training. We already have several arenas in the area - we need a pool first. A 50 metre pool would not only house the local swim club but would draw other clubs in to train in a long course facility as the closest one is markham. Clubs from Oshawa, Whitby, pickering, ajax and west as far as belleville, north beyond peterborough would utilize a facility of this sort . Swim meets can generate 1000 kids plus their families who stay in hotels and eat in restaurants as well.	6/18/2019 9:19 AM

350	Lobby/Admin	Healthy snack bar .	6/18/2019 7:07 AM
351	Gymnasium	Please make a facility with a gymnasium that can fit three or four full size volleyball courts with ample room between courts. Basketball courts would also be able to be used in the gymnasium as would other sports (floor hockey, badminton, dodgeball, etc). Cobourg Community Centre (CCC) would be a good example, HOWEVER, the gymnasium at CCC should be bigger to allow better spacing between each volleyball court. I am the club president for Clarington Grizzlies Volleyball Club and we have hosted and played in tournaments at CCC. For ages 15 and above, we cannot set three courts up in Cobourg because of spacing between two of the courts. The courts are simply too close. Most tournaments within the Ontario Volleyball Association (OVA) require three courts, some four. Right now, when we host tournaments we use schools (ie. St. Stephen CSS in Bowmanville). Basketball tournaments are also hosted regularly in our area. It would be amazing to have a facility where we can host volleyball tournaments and set up three courts. There is a shortage of such facilities, outside of schools, in Ontario. It would be amazing to have a facility like this in Bowmanville. If the facility was properly constructed (ie. ample room for three courts), it would regularly be used on weekends for volleyball and the OVA would likely use it for their premier events. Please consider this. Thanks, [REDACTED] if you would like to discuss the matter further.	6/18/2019 7:06 AM

375	Other	Indoor batting cages	6/18/2019 2:58 AM
376	Ice Lobby/Admin	I would love to see healthy food options at the rinks. Even a third party restaurant inside where you can buy real food while you are at the rink for hours with your family. Or the style of restaurant where you can see the rinks from the restaurant, they are great too.	6/18/2019 2:55 AM
377	Comment / Sentiment	Put any new hockey/ice rinks attached to the Garnet B. Rickard facility so all of the arenas are together. Makes hosting games, practices and especially tournaments way more feasible. Beyond that this is a huge cost to the tax payers is such a facility really needed? Or something we'd just like to have?	6/18/2019 2:40 AM
378	Comment / Sentiment	Instead of building a new facility why not put the money into maintaining the facilities you already have. Do some upgrades. Clarington is in need of more playable baseball diamonds. Not enough diamonds to accommodate the growing need and the ones you do have are poorly maintained or not maintained at all. Many tax paying families kids are going without due to political and 'who knows who' reasons. It's appalling that you take permits and diamonds away from your LARGEST ball diamond user group (taxpayers) to give to non resident user groups. Clarington does not need another twin pad arena facility. If the demand is as high as the municipality says for baseball diamonds then maybe you should be looking there. More diamonds and staff to maintain them!! Indoor baseball specific facility for the off season (which is Sept to April - that's a tonne of revenue).	6/18/2019 2:37 AM
379	Outdoor Space	We need more baseball/softball diamonds. Or resurface and light the ones we have.	6/18/2019 2:36 AM

385	Lobby/Admin	Would like to see a restaurant and bar.	6/17/2019 7:09 PM
386	Aquatics	Clarington is in great need of a new pool that is up to competitive swimming standards. The current facility is at capacity and is already beyond its lifespan. A pool that is 8-10 lanes, 50 metres in length would not only allow the local swim team to continue to expand, but it would also draw in other clubs looking to rent pool time as currently the nearest facility is in Markham. In addition, swim meets hosted in this proposed style draw 1000 kids and their families. The boost to the surrounding economy ie hotels, restaurants and shopping facilities would be significant as well. Developing this type of pool would be a huge draw for the area and something that Clarington would have that many other would not, drawing clubs that would otherwise travel to Markham to train. Please consider this as a great opportunity for our town.	6/17/2019 5:55 PM

New outdoor tennis courts would also be nice.	6/17/2019 4:30 PM

We have yoga classes in Courtice, Newcastle and Bowmanville (Allan Strike) but in Courtice the yoga classes get so cold in the winter, we shivered even with a jacket. 414	Aquatics	A pool that can accommodate synchronized swimming, waterpolo, and frequent lane swimming.	6/17/2019 11:53 AM
415	Aquatics	I would like to see a 50 m pool, 8 - 10 lanes or at least a 25 m pool with 8 - 10 lanes with electronic timing equipment; sufficient change rooms, shower stalls, hair dryers. A pool that would enable the swim club to host swim meets. This would benefit all the community and be great for Clarington's tourism. That's my wish as an enthusiastic swimmer.	6/17/2019 11:38 AM
416	Gymnasium	Instead of ice pads, an indoor lacrosse pad for year-round use - ball hockey, lacrosse, dry land training etc. Gymnasiums with 40 foot ceilings for baton twirling - a growing sport but needs a high ceiling and Newcastle is always booked (but an ideal gym) and south courtice arena is too small a space. Lots of fitness centres in Bowmanville. What will make yours unique?	6/17/2019 11:32 AM

427	Aquatics Fitness / Wellness Current aquatic facility has limited parking and would be a great asset to a fitness center.	6/17/2019 9:49 AM
428	Ice Clarington needs more ice. Swim programs are not at capacity (the way that hockey, ringette and figure skating are) Ice also doubles as lacrosse fields in "off season"	6/17/2019 9:49 AM
429	Multi-purpose A quite isolated room for yoga classes. The current situation is a noisy enviroiment where the walk in disruptions, hallway noise yelling from the fitness class ruins the experience for me. People need a place to relax their minds to experience the benifits of yoga long after the class is over. The yoga class should be far from the noise of the gym, pool and other noise. Make it soundproof. Thank you.	6/17/2019 9:36 AM

442	Comment / Sentiment This is a great idea and I hope it proceeds. However my only reservation would be the lack of maintenance of the current parks, ball diamonds and facilities in Clarington. Would the budget for recreational items in our community be increased to allow for adequate maintenance and upkeep for all? including the proposed new facility.	6/17/2019 8:23 AM
443	Outdoor Space Park outside with splash pad Bike trail Skateboard park	6/17/2019 8:18 AM
444	Ice As a family we utilize arena space for winter and summer sports. However we also value the benefits for a variety of recreational opportunities. Ice time for hockey can always be used and there will never be enough for a sport that keeps growing with our community. That is why I vote for increasing arena space.	6/17/2019 8:11 AM

Submarine Pizza Pizza inside your facility food court areas can offset the cost versus hiring people to serve, but only at various times you will recoup your costume mediately based on real estate floor space. 471	Ice Lobby/Admin Definitely more ice! With hockey growing on both the boys and especially the girls side, we really could use more ice pads. I also think a restaurant and bar would be great! We had that when we played in Oshawa and people loved it, especially when you're spending a few hours at a rink sometimes!	6/17/2019 6:28 AM
472	Ice Hockey in Clarington is booming. Rep leagues have moved into 3rd overall in Lakeshore ahead of Oshawa. We need a training facility. Smaller pad for goalie training at affordable rates... Goalies are travelling to the barn in Oshawa... Thats lost revenue for Clarington! Players are also going to the Barn... Again lost revenue. I will spearhead the programs □. [REDACTED]	6/17/2019 6:28 AM

477	Aquatics Ice	I would like to see 4 ice pads and swimming. The Legends Centre (renamed Delmar Park) in Oshawa is a fantastic facility, build the same thing in Bowmanville. They have everything from a lazy river pool to cooking classes, hockey, lacrosse, gymnasium and much more. The more you offer the more revenue streams you have.	6/17/2019 5:50 AM
478	Other	Additional outdoor baseball diamonds...there is a major lack of diamonds for our Clarington teams. Our rep teams are having to book practices in other municipalities because of this and we will have started losing players to other centers. Indoor space for baseball teams to use in the off-season. We currently are paying high premiums to use indoor facilities in other centers.	6/17/2019 5:45 AM

481	Other	A proper auditorium would be a wonderful addition to our community, and is something that is lacking across the municipality -- recreation is about more than just typical sports! Dance, drama, and other kinds of performing groups would appreciate being included, and such a venue would likely be a big draw.	6/17/2019 5:01 AM
482	Lobby/Admin	Some Healthy food options and a place for the community to have what they need. Let's not do this halfway. Let's do it right and go all in and build something we can be proud of. Would prefer a more central place like Rickard get expanded but this place if done well will be amazing	6/17/2019 4:48 AM
483	Lobby/Admin	Tim hortons inside	6/17/2019 4:36 AM

486	Other	a theater or auditorium space with seating. (dance competitions/theatrical performances)... a space to include the arts.	6/17/2019 3:57 AM
487	Multi-purpose Other	Turf field(s). Meeting room(s) that that are equipped with projectors, so that they can be used by teams or camps for video sessions.	6/17/2019 3:53 AM
488	Aquatics Gymnasium Other Outdoor Space	Multipurpose aquatic facility including competitive swimming capacity that is lacking in the area combined with recreational aquatic space for family fun. Rock climbing facility. Courts for badminton, volleyball leagues. Outdoor space would be a consideration as well, bike/skate park, Basketball courts,	6/17/2019 3:51 AM
489	Other	A preforming arts centre would be fantastic to see in bowmanville. A building to showcase the talents of many with a stage seating and change rooms for the performers.	6/17/2019 3:08 AM
490	Other	Auditorium for dancers, performers, plays to showcase talent.	6/17/2019 3:07 AM
491	Other	A theatre/auditorium space is needed in Clarington. There are theatre groups, dance competitions/recitals, and performers who only have Hope Fellowship or Bowmanville High School, both of which are heavily booked. What will it take to get this item on the table?	6/17/2019 2:57 AM
492	Aquatics Walking Track	Full Olympic size swimming pool 25 or 50 m with 8 lanes and viewing area. The regional pools available currently are too small to host events and are limited in their training capabilities. Large viewing area and stadium seating would be an asset. Walking circle to keep parents active while viewing children's sports events would be beneficial. Additionally, the south Courtice arena area would also benefit from additional facilities. Indoor track for walking/run training while being able to view the sports would be useful.	6/17/2019 2:21 AM

503	Ice Lobby/Admin	Ample parking. Restaurant with viewing area on rinks. Amenities for high level Rep hockey programs (dedicated dressing rooms and meeting areas). Proper proshop. Warm up areas for rep teams. Go look at 16 mile complex in oakville and add to it.	6/16/2019 2:42 PM
504	Walking Track	Would love to see the track like the one in cobourg !!	6/16/2019 2:35 PM
505	Aquatics Lobby/Admin	Cafe or restaurant Pool that is accessible Recreation for individual of all abilities	6/16/2019 2:30 PM
506	Ice	Given the fact that the municipality will be losing arenas in Orono and Newcastle I think creating a facility with 4 ice pads would be prudent. Creating a state of the art facility that would draw people to Clarington for hockey tournaments, figure skating etc. Would only add to tourism and investment in our community.	6/16/2019 1:54 PM
507	Aquatics	I strongly feel there is a need in this community for a deep water pool and Olympic size pool for children to be able to participate in synchronized swimming and diving which are opportunities our children have had to travel out of our community to participate in.	6/16/2019 1:53 PM
508	Ice	2 more ice pads	6/16/2019 12:20 PM
509	Comment / Sentiment	Courtice and Bowmanville already have two very good hockey rinks each; what about Newcastle????!!	6/16/2019 11:54 AM
510	Gymnasium	Dedicated pickle ball courts should be added at the new Rec Center. We currently play at Diane Hamre in Newcastle in the gym but the play gets bumped by other activities there. Most of the players are from Bowmanville so it would be good if we don't have to travel so far. Pickle ball is one of the fastest growing sports for seniors and is a great way to stay in shape and have a good time. Thanks for your time. [REDACTED]	6/16/2019 11:43 AM
511	Fitness / Wellness	I would like to see a full gym, which will include weights and classes. I am a senior living in Bowmanville, and I have to go to courtice if I want to do a classe and weights the same day. Planet Fitness is ok, but there are no classes. Good life is too expensive. A gym similar to the one in Courtice would be great.	6/16/2019 10:10 AM
512	Comment / Sentiment	Public Beach on Lake Ontario	6/16/2019 9:51 AM
513	Design/Layout	Ensure that the recreation centre is accessible to all individuals of varying abilities	6/16/2019 9:18 AM
514	Comment / Sentiment	Definitely NO pool ... the municipality cannot even properly staff the current pools to run adequate programs.	6/16/2019 8:33 AM
515	Ice	Curling pad	6/16/2019 8:32 AM
516	Lobby/Admin	A food concession !	6/16/2019 7:59 AM
517	Other	Some sort of additional indoor flex space, similar in size to the current indoor soccer facility, which could be used not just as a double up in soccer space but provide more indoor space for baseball practices, football practices, lacrosse, dry-land training etc. As it stands, the soccer association use up 99% of the available "prime time" during the winter season (and rightly so) but another indoor space would provide the ability for other sports teams and athletes to continue training during the 9 months a year they can't be guaranteed outdoor space. Whitby, Oshawa and Peterborough all have "domes" or other indoor space for their sports associations to use during the winter spring and fall. With the growth of Clarington's population and engagement in activities the town should be (at a minimum) on par with its direct neighbours so that Clarington teams don't need to travel and spend tax dollars in other towns.	6/16/2019 7:41 AM
518	Gymnasium	Would love to see more pickleball courts with more time allotted for seniors. Seniors are sub planted by school age children during summer months in most schools and community centres and even outdoor tennis courts are taken over. Existing facilities are already overcrowded so more are needed.	6/16/2019 2:36 AM

New South Bowmanville Recreation Centre

519	Aquatics Ice	We absolutely need a well designed facility that is large enough to be used to host swimming and hockey competitions effectively. It will bring families to the area that will encourage the local economy.	6/16/2019 12:38 AM
520	Comment / Sentiment	No	6/15/2019 6:17 PM
521	Aquatics Design/Layout	Large change tables in at least one family washroom for community members who require them for family members with a disability. Pool with a lift and/or graduated entry access for those with mobility concerns.	6/15/2019 5:35 PM
522	Multi-purpose	Fitness rooms where classes can be held are necessary	6/15/2019 4:38 PM
523	Multi-purpose	Teen programs	6/15/2019 4:35 PM
524	Ice	The municipality needs to dedicate resources to youth hockey. There is not enough ice time available in the region and atom and peewee ages are practicing on half ice. Like other municipalities in our region, children should have access to the full ice rink to encourage player development. For this reason, at least two additional ice surfaces are imperative.	6/15/2019 4:28 PM
525	Ice Multi-purpose	An ice pad to accommodate the new change to under 7 hockey, half ice, boards not having to be assembled each game. Youth activities, as there is nothing for teenager or even kids to do in area, such as a youth room.	6/15/2019 12:09 PM
526	Aquatics Fitness / Wellness	I would like to have a facility with an Olympic size swimming pool with 10 lanes large enough deck and Spector viewing area. Along with this facility you have gymnasium with a walking running track - accessible to all people in the community. A facility providing meeting rooms, fitness facility- state of the art . A facility providing inclusivity for all members of the community. A wise investment for the health and well-being of all the people of the Clarington community.	6/15/2019 11:41 AM
527	Aquatics	A pool to be compliant with competitive swimming (Swim Canada) requirements to host major competitions. The pool should be 8-10 Long Course (50m) lanes but at minimum eight 25m lanes with appropriate deck space and viewing. This could bring revenue to the community.	6/15/2019 11:34 AM
528	Aquatics Lobby/Admin Other Outdoor Space	Beach Volleyball courts outside. Licensed restaurant with patio. Indoor tennis courts. Lots of Parking. Pool with water slides	6/15/2019 11:09 AM
529	Aquatics	An all deep pool. The region needs more aquatic programming like diving and synchronized swimming with the proper facilities for it!!!!	6/15/2019 11:01 AM
530	Gymnasium	Basketball court!	6/15/2019 10:04 AM
531	Aquatics	Accessible the way it is now the municipality already has to pools which are not accessible as they do not have a lift to get into either unlike in the United States where every single pool has lifts to take you in and out it's about time we got up to date with accessibility not a ramp that require somebody else to help you	6/15/2019 10:00 AM
532	Gymnasium	Pickle Ball courts! This is an up and coming sport for seniors as well as young people! This is a top priority!	6/15/2019 8:48 AM
533	Other	Afterschool programming options for children? 3rd party like boys and girls Club or municipal operated	6/15/2019 8:46 AM
534	Gymnasium	Pickleball is the fastest growing sport in North America, pickleball courts in a new gymnasium will attract all age groups, if you build it they will come	6/15/2019 7:57 AM
535	Aquatics	If a pool is included make it a real pool not a leisure pool.	6/15/2019 5:57 AM
536	Ice	Ensure the ice has adequate viewing and spectator space. Hockey is popular in Clarington and continues to grow	6/15/2019 5:45 AM
537	Aquatics	Swimming and cycling are the two best activities to participate in as we age. Swimming is an essential skill for young children from a safety perspective. My child has represented Clarington at Olympic Trials in 2016 as a competitive swimmer and hopes to do so again in 2020. If we had a first class aquatic facility with pool side viewing hosted swim meets would become a regular occurrence brining visitors to our beautiful community on a regular basis. Of all the activities our family has participated in over the years the the one most impacted my the lack of quality of and access to facilities was swimming.	6/15/2019 5:33 AM
538	Gymnasium	Pickleball courts	6/15/2019 5:33 AM
539	Aquatics	Competitive swim pool that would comply with swim Canada requirements to support competitive swimming for both youth and masters programs.	6/15/2019 5:10 AM

552	Gymnasium	Pickleball and volleyball courts	6/14/2019 6:10 PM
553	Gymnasium	Indoor pickleball courts. Our 55+ seniors have grown in numbers and go to surrounding communities to play this sport. Bowmanville seems to be only town in Durham region without a facility. Need permanent indoor courts for pickleball only.	6/14/2019 5:28 PM
554	Gymnasium	We definitely need indoor pickleball courts. Sport has grown in large numbers especially the 55+ seniors keeping fit. With Bowmanville's growth of population, we are the only town in durham that doesn't have courts. Newc	6/14/2019 5:08 PM
555	Gymnasium	Definitely indoor pickleball courts as the sport has become very popular especially with the 55+ population to remain fit.	6/14/2019 4:57 PM
556	Comment / Sentiment	Please do not take away any of the field space that is already in place. Instead of planning an arena....fix the baseball diamonds and provide washrooms!!!!	6/14/2019 4:38 PM

561	Comment / Sentiment	Please stop building infrastructure. Bowmanville used to be a nice small town growing up and now it's a **** hole.	6/14/2019 1:37 PM

563	Comment / Sentiment	Markham has a great indoor play centre for children in one of their community centres! It is a wonderful idea and I'm sure would generate a lot of revenue.	6/14/2019 1:15 PM
564	Lobby/Admin Multi-purpose	A place to eat or drink other than just a snack bar would be handy. Maybe an area to host events or parties if none of the other areas mentioned can not accommodate this. I think this is a great idea. I'm thrilled to learn about this project.	6/14/2019 1:00 PM
565	Gymnasium	Pickle ball courts inside or outside please!	6/14/2019 12:59 PM
566	Gymnasium	Pickle ball courts inside or outside please!	6/14/2019 12:58 PM
567	Outdoor Space	Outdoor space with calisthenics equipment. Maybe a splash pad and kids park	6/14/2019 12:31 PM
568	Aquatics Gymnasium Ice Walking Track	I would love to see an 8-10 lane 50 metre long course pool. With sufficient deck space and viewing to host proper swim meets. A track and gym would be wonderful. A one stop shop with ice pads would be great! Similar to the facility in Quinte	6/14/2019 11:50 AM

569	Comment / Sentiment	Tourism seems good where it is i.e. coming off the 401 from East or West. Please, no more arenas!	6/14/2019 11:14 AM
570	Other	Children's programs!	6/14/2019 11:04 AM
571	Multi-purpose	Community, meaning a group of people with common interests, living in the same area including everyone. I see a great need to help our first res-ponders our Police , Ambulance , Veterans, Battered women, Recovering addicts, First Nations People, anyone who has under gone Trauma or just stressed out people experiencing burn out. This is the majority of the population. Maybe this is you! Restorative Yoga , Yin Yoga, any form of Yoga is very Therapeutic and stress relieving. It's been scientifically proven to slow the aging process and help people rise out of depression. Not every one responds to spoken therapies. I have been teaching these and other modalities for 20 years and the other facilities are just to noisy for these sensitive people. There are many qualified practitioners around that would thrive in such a facility. This would be a leading edge move on your part to build a safe , warm, and quiet place. People would come from far and wide when they hear of such a place. People say to me " I Love your class and what you do but it's just to noisy and cold in here " and they don't come back. So all that is needed is a quiet, warm place for people to heal. Build it and they will come! Thanks [REDACTED]	6/14/2019 10:56 AM
572	Gymnasium	Pickleball courts	6/14/2019 10:48 AM
573	Outdoor Space	DOG PARK! one dog park (in a bad location) is not enough with how much Bowmanville has grown/is growing	6/14/2019 10:46 AM
574	Gymnasium	Pickleball is hugely growing in popularity. If a gymnasium is to be included in the new centre it would be relatively simple and inexpensive to have pickleball courts painted on the floor and install floor sockets for net posts. These same courts can then also be used for badminton, as is done in the Newcastle rec centre.	6/14/2019 10:39 AM
575	Other	Rock Climbing Wall	6/14/2019 8:28 AM
576	Comment / Sentiment	I feel that all is covered in the list above. Most importantly it would be nice to have a recreation facility that can be used by all ages!	6/14/2019 8:12 AM
577	Gymnasium	I would love to see more pickleball courts.	6/14/2019 8:08 AM
578		Would like to see facility that will accommodate pickleball courts as this sport is growing so fast it is hard to keep up with the demand.	6/14/2019 8:03 AM
579	Aquatics	Salt water pool. Wave pool. Excellent tourist attraction, and health benefits. More Aquafit times. Too structured to only one early morning class a day occasional afternoon and late evenings. Add two back to back classes. Aquafit Not accessible to parents with school age children who would like to attend, due to bus/school times. Aquafit seems to be predominantly made accessible to older adults. If life guarding is issue allow times at noon hour, or early afternoon/ evening 3 pm to 6 pm when highschool life guards available for more employment opportunities. We have lots of pools and every pool has same schedule, change it up.	6/14/2019 7:57 AM
580	Outdoor Space	An outdoor ice rink, a turf field for lacrosse, a dog park	6/14/2019 7:35 AM
581	Gymnasium	Gym with a high ceiling for baton twirlers. a community space for warm ups for ice users before they can go on the ice. office space storage space	6/14/2019 7:05 AM
582	Aquatics	Pools with separate Adult and fun Children sections for indoor winter recreation! Maybe even add some spa features and tropical decor to attract an alternative to "winter blues escape trips"	6/14/2019 6:34 AM
583	Gymnasium	The town of Clarington requires many more pickleball courts Strongly agree!!	6/14/2019 6:05 AM
584	Gymnasium	Please build on as many pickleball courts as possible. Make sure designers get input from players.	6/14/2019 5:40 AM
585	Multi-purpose	The Clarington air cadets have no set space to call their own. This facility would allow them to take care of their needs a parade square in the gymnasium, place to do their fitness and sports events and qualifications, areas to do band and drill and ceremonial and hopefully an area to store a small amount of materials, ie printer, registration forms, required documentation. The program benefits youth between the ages of 12-19, then many take on the task of becoming officers for the future youth.	6/14/2019 5:18 AM

New South Bowmanville Recreation Centre

586	Gymnasium	Pickleball and Badminton are very popular sports with seniors. Pickleball especially is growing, however, as a player I have to travel to Pickering or Toronto to find indoor or outdoor pickle ball courts. This sport started out as a senior activity but have now grown to include all ages. Pickle Ball tournaments now have entries of 100 to 300 players. It is a pity that we have no indoor or outdoor pickleball courts available in Clarington.	6/14/2019 5:06 AM
587	Gymnasium	Indoor and outdoor dedicated pickleball courts. This is the fastest growing sport for the young and old and in between in North America - our communities should keep up with the demand.	6/14/2019 4:32 AM
588	Other	Inflatable dome that can house indoor sports like baseball, soccer	6/14/2019 4:19 AM
589	Other	A big indoor dome with turf and netting that our baseball teams could use in winter months just like Whitby and surrounding areas have. Same type of idea as the indoor soccer in Bowmanville but for baseball and other sports.	6/14/2019 4:14 AM
590	Comment / Sentiment	It would be nice to see you use the money to improve some of the outdoor facilities that are in the area and maybe hire more staff to handle them to keep our kids active and outside. Too many times the sporting events are cancelled	6/14/2019 3:33 AM
591	Ice	Ice team is a growing issue in Clarington. Make a twin ice pad and put a walking track or whatever else people want in there. The priority needs to be a twin pad. ESP. Considering how much money parents pump into hockey!!	6/14/2019 3:28 AM
592	Gymnasium	Pickleball Courts	6/14/2019 2:43 AM

596	Gymnasium	We, [REDACTED], have voluntarily run a drop-in Pickleball club for 5+ years, renting the gym at Courtice Secondary School, Mondays 7:15 pm - 10:00 pm and Saturday 1:00 pm - 3:00 pm. Set-up is for 4 courts only, accommodating 16 players at a time. The number of participants has increased over the years, currently at 75, and this venue cannot accommodate enough players at a time. Most of our membership are 55+ in age and we would like to encourage the youth and mid-age to learn the game. Also, we are governed by the KPRDSB calendar which provides restrictions such as Stat Holidays on Mondays, holidays on Fridays whereby custodial staff do not work on Saturdays, special school activities trump our scheduled play time and school closure for the summer months. We would appreciate not only indoor courts but outdoor as well. Please see www.pickleballontario.org Pickleball Association of Ontario. We are a fast growing group who wish to engage in athletic wellness!	6/13/2019 6:52 PM

611	Gymnasium	Indoor pickleball courts	6/13/2019 4:35 PM
612	Multi-purpose	Walking Track I feel the facility should have features that are somewhat flexible in use, rooms that can have a fitness class or meeting room, gym that can be divided for more than one use. Also with last winter having ice which makes it difficult to walk outside one or more indoor track would be useful. As our population is aging as whole promoting activities e.g, walking would be useful. An idea for a goal for this new facility would be promoting healthy lifestyle for all ages not just those who are more athletic inclined. An ice twin ice pad has limited use for the young child or new mother or adults that are aging or have mobility issues.	6/13/2019 3:37 PM
613	Gymnasium	More Pickleball courts!!!!	6/13/2019 3:23 PM
614	Gymnasium	Pickleball is the fastest growing sport, not only among active seniors, but more and more young people are engaging in this sport at various levels of play ... from recreational to competitive. The existing facilities are inadequate to meet this rapidly expanding need. Please consider adding indoor and/or outdoor courts to accommodate this sport.	6/13/2019 3:09 PM

616	Gymnasium	pickelball courts indoor and outdoor	6/13/2019 3:05 PM
617	Gymnasium	Pickleball courts in both indoor and outdoor facilities would greatly be appreciated. Pickleball is a fast growing sport. Indoor pickleball courts in the surrounding Durham and Clarington regions are extremely well used and very busy during allowed times. The sport is played by a wide age group.	6/13/2019 3:00 PM

624	Gymnasium	Pickleball is the fastest growing sport in North America. Local experienced players currently travel to Markham etc to play. 2 courts use the space of 1 tennis court outdoors or share badminton court outdoors. Newcastle is unsafe for Pickleball and no tournaments can be played there. Tournaments are extremely lucrative for any municipality. Upto 300 participants ts can be expected for a weekend.	6/13/2019 12:47 PM

639	Aquatics Other	I really hope a library branch goes in there. It's so handy to have a library at the Courtice Community Centre. It gives my son something to do while his older brother is in swimming lessons.	6/13/2019 8:33 AM
640	Gymnasium	I am a resident of Clarington. Pickleball is one of the fastest growing sports currently in the world. It has the benefit that players of ALL ages can take part in this recreation or competitive sport / activity, at a low cost for everyone. Many other areas surrounding Clarington have rapidly developed facilities to accommodate this sport. Therefore I would like to see part of this new complex dedicated to the sport of Pickleball	6/13/2019 6:21 AM
641	Outdoor Space	Dog park	6/13/2019 5:53 AM

644	Comment / Sentiment	More scheduled activities for toddlers that occur in the evening or weekend to accommodate working parents. Many of the recreation activities in the guide are only offered during the day which doesn't accommodate my family.	6/13/2019 2:53 AM

650	Ice	I would strongly recommend a twin pad arena with walking track and gym it will be a community hub. I was in Fonthill ON a few weeks ago and it makes a great center	6/12/2019 5:13 PM
651	Aquatics	Kiddie pool that isn't as cold as the current pool in Bowmanville	6/12/2019 3:07 PM
652	Aquatics Gymnasium Ice Multi-purpose	Can you please build a new gym and some flex space for community uses. A pool and an arena would be good, but would have to make it a significantly large facility if it were up to me.	6/12/2019 12:19 PM
653	Outdoor Space	A Skatepark. Bowmanville skatepark is very old and run down, a new one would be amazing.	6/12/2019 12:17 PM
654	Other	Rock climbing wall Indoor softball/baseball batting cages and practice area	6/12/2019 12:15 PM
655	Comment / Sentiment	There really should be a facility North Bowmanville, not south. Please consider location. There are so many residents in North Bowmanville now and it can take 10-15 minutes to get to baseline.	6/12/2019 12:14 PM

New South Bowmanville Recreation Centre

661	Aquatics Fitness / Wellness	Bowmanville is lacking a true full featured fitness facility. Having a fitness gym with amenities like swimming pool, steam room etc would fill a void lacking in the area even in the privately owned fitness centers like good life or planet fitness do not offer a full fitness center experience with those additional amenities. I would be the first to join if that became available.	6/12/2019 9:16 AM
662	Ice Other Walking Track	I feel the library would get more use if it was connected with the ice rink. I would also love to see a walking track to encourage fitness in our community.	6/12/2019 9:04 AM

666	Other	An indoor baseball facility is needed. Clarington lags our peers in facilities in this area. Some type of turf field, batting cages, etc would be ideal.	6/12/2019 8:36 AM
667	Other	Consider expanding indoor soccer facilities (mini field?)	6/12/2019 8:28 AM
668	Other	Main concern is the library that I hope we see there.	6/12/2019 8:15 AM
669	Aquatics Outdoor Space	Playground/park outdoors, Pool indoors and outdoors,	6/12/2019 8:11 AM
670	Aquatics	I'd love to see a pool available for lane swimming more regularly. The current schedules in the area are limited and I'd love to be able to utilize them more often!	6/12/2019 8:11 AM
671	Ice	Clarington needs a facility comparable to the City of Oshawa Legends Centre/Delpark Homes, for a growing municipality we do not have a multipurpose facility to meet the growing needs of the community. I live in Newcastle and the Diane Hamre Recreation Complex is great but not making it with ice pads seems like a short time solution to a future community need, I urge Clarington officials to consider the demands of Bowmanville and surrounding area and push for a fully multipurpose facility, the cost will resolve a long need for its community members.	6/12/2019 8:02 AM
672	Walking Track	We also need an outdoor track. Not a stone one; but a real one. My Bf is invovled in track and he has to drive to Oshawa or Brighton to use anoutdoor track. We have some stone / pebble ones around, but not an actual track. This could bring in money to the community if done correctly; we could hold OFSSA, MTA, etc meets.. Perfect location as well with the two new hotels right there.	6/12/2019 6:54 AM
673	Aquatics Other Walking Track	We desperately need something in south Bowmanville; however, you need to address the traffic on Baseline Road....The 50 K/Hr speed limit is usually 70+. If we have more traffic walking or riding to this location, it makes it all the more important to correct the traffic leniency. An indoor walking track and a pool are a must !! I would like to see a squash court as well. Don't think an arena is as important; and if so, just one pad is fine.	6/12/2019 6:50 AM
674	Other	Bowling alley	6/12/2019 6:03 AM
675	Comment / Sentiment	I work on the road very frequently and often utilize the work stations at public libraries. Many communities have set up dedicated work stations with acres to printers and wifi. When stopped to utilize these stations I also purchase lunch, gas, accommodations in the small towns. It allows us to bring big business to small towns. The town of minden has this completely figured out	6/12/2019 4:33 AM

683	Ice	More then 2 rinks would be amazing.	6/11/2019 6:29 PM

694	Multi-purpose	Rental hall/space	6/11/2019 1:56 PM
695	Ice	I love in Newcastle and we are separate for ice time. By including twin ice pads it can support getting bowmanville teams out of the Newcastle arena and back to Bowmanville- which will make Newcastle kids and parents happy.	6/11/2019 1:31 PM

699	Comment / Sentiment	I think it is critical that as part of the build walking and biking paths and trail are a priority to link to the site, and into other trails and parts of town. Ideally there would also be access to the south side of the 401, either under via a large tunnel, or a pedestrian/bike over pass.	6/11/2019 10:56 AM
700	Other	full size field indoor	6/11/2019 10:54 AM
701	Design/Layout	Parking with electric vehicle charging stations would be amazing.	6/11/2019 10:37 AM
702	Aquatics	The facility must meet the recreational needs of the whole community.....seniors, children, adults and the disabled. A heated pool would facilitate the need to exercise for seniors and the disabled.	6/11/2019 9:52 AM
703	Other	Hello This is [REDACTED] . We have a small satellite location in Bowmanville at Knox School currently. We expect to outgrow that space and would be interested in discussing if satellite space could be possible in this new facility I can be reached at [REDACTED] or [REDACTED]	6/11/2019 9:41 AM
704	Aquatics Multi-purpose	Would definitely, definitely LOVE a pool for lane swimming, etc and a library would be awesome. A rentable community hall/room/meeting area would be beneficial. (similar to the Courtice Community Centre hall)	6/11/2019 9:23 AM
705	Multi-purpose	Room booking for seminars or classes	6/11/2019 9:16 AM
706	Comment / Sentiment	Facility similar to Legends.	6/11/2019 9:13 AM
707	Other	Museum space !!	6/11/2019 8:59 AM
708	Ice	A fully accessible facility with programming for individuals to play sledge hockey, wheelchair basketball, etc. would be a great benefit to our community and attract people from many different areas to Bowmanville.	6/11/2019 8:22 AM
709	Aquatics Multi-purpose	Definitely need a space for Fitness classes. The majority are currently offered in Courtice and since the most densely populated area of Clarington is Bowmanville, there should be a facility that offers more options for fitness classes, both adult and teen/children. There needs to be something for the teenagers to do, other than hang around and get into trouble. An indoor track would be great, for those who have a difficult time getting out in the winter, when it is icy. There is already an excellent library in town so another one isn't necessary, and to put Clarington Tourism in the same spot I think would be too congested. This facility should focus on Recreation. A large pool would also be an excellent addition to the facility, and again it would provide more options for kids and teens as well as adults.	6/11/2019 7:20 AM
710	Other	Larger preschool program room with age appropriate amenities (equipment, washroom facilities, use of storage space etc)	6/11/2019 7:09 AM

New South Bowmanville Recreation Centre

711	Other	Drop in daycare facility. This would be helpful for parents looking to get active but unable to participate due to lack of childcare options. It would also be helpful for parents with multiple children that are required to participate in an activity with one of their children (ie. swimming lessons).	6/11/2019 6:12 AM
712	Lobby/Admin	I like the idea of having a concession stand at the facility as well.	6/11/2019 6:09 AM
713	Design/Layout Other	Ample parking! And fully accessible options for any pool, ice, or fitness facilities. Plus mini-office spaces to lease out to other organizations (like Big Brothers Big Sisters, John Howard, etc.) and give them better spaces, plus a more consolidated area (community hub!) for residents to access services.	6/11/2019 6:06 AM
714	Design/Layout	Lots of parking and walking/biking trails, and a couple direct bus routes that will make it easy for everyone to get to the new facility.	6/11/2019 6:04 AM
715	Other	rock wall/ squash courts	6/11/2019 5:59 AM
716	Other	There are a number of baseball organizations in Clarington that need a place to workout in the winter time, some where with enough space to throw a baseball, cages for hitting and do some running and stretching.	6/11/2019 5:58 AM
717	Other	Turf outside on the football field.	6/11/2019 5:57 AM
718	Fitness / Wellness	We really need a gym in Bowmanville. Courtice gym is beautiful and the staff are so good but it would be nicer to be closer to home in Bowmanville.	6/11/2019 5:56 AM
719	Lobby/Admin	Snack counter or independent kiosk (Tim Horton's, Coffee Time)	6/11/2019 5:45 AM

724	Aquatics Ice Multi-purpose	Facility like Diane Hamre, to accommodate more recreational programs for children/adults, pool & ice rinks is a must!	6/11/2019 3:55 AM
725	Comment / Sentiment	What about a new Arena in Newcastle where its needed ...	6/11/2019 3:33 AM
726	Aquatics	Pool for sure	6/11/2019 3:20 AM
727	Aquatics	We definitely need a proper family pool in Bowmanville. Alan strike does not meet our needs as a growing community. We need to be able to offer proper programming. We have a membership with Oshawa, because of the poor swimming and skating offerings here in Clarington. Many others I speak to say the same.	6/11/2019 3:12 AM

740	Aquatics Gymnasium Multi-purpose	I want to see more areas for youth to be active. Rather than have youth wandering streets or hanging in public parks, lets give the safe places to swim, play basketball, drop in gymnasium and outdoor turf. A pool will help with families needing lessons too which I read programs are in desperate need.	6/10/2019 6:25 PM
741	Other	Arts and cultural programs	6/10/2019 6:22 PM
742	Aquatics Ice	Would love to see a facility similar to Legends Center in Oshawa. I currently go to the YMCA in oshawa because they have a pool and fitness programs, would love to have a facility closer to home. The ice pads would be great for my Sons hockey. We currently drive to Courtice for 98% of all hockey games.	6/10/2019 6:19 PM
743	Gymnasium	Indoor gym with basketball courts.	6/10/2019 6:16 PM
744	Gymnasium	Indoor basketball and volleyball courts, similar facilities to a high school gymnasium.	6/10/2019 6:15 PM
745	Multi-purpose	Youth centre	6/10/2019 6:04 PM
746	Other	space for a farmer's market	6/10/2019 6:03 PM
747	Aquatics Fitness / Wellness	For any aqua facility, please consider having it open to the public throughout the entire day. The current system to use only in set times leaves families unable to attend and looking for things to do, especially in inclement weather. By having waterslides, wavepool, lap pool, and training facility you ca accommodate all looking to use and bring in additional visitors to the region as there is no other facility like that nearby!	6/10/2019 6:02 PM
748	Ice	Ice rink	6/10/2019 6:01 PM
749	Aquatics	Have the aqua facility open during the day so that people can use it, instead of limiting hours to 1 -2 hour blocks of time.	6/10/2019 5:59 PM
750	Fitness / Wellness	I would love a facility that supports programming for adults and kids at the same time! So many of us take our kids to activities, then sit and watch. I would much rather be able to go to the gym or a fitness class or another adult activity while my kid is being active!	6/10/2019 5:32 PM
751	Ice	Single ice pad so other amenities can also be included.	6/10/2019 5:31 PM
752	Comment / Sentiment	Something for kids who don't play hockey! Programs for kids aged 10 and up who are not interested in hockey.	6/10/2019 5:29 PM
753	Aquatics Fitness / Wellness Other	Programs for youth in the community, fitness classes, swimming, library	6/10/2019 5:27 PM
754	Comment / Sentiment	Why are all tax dollars directed to urban areas. Clarington has a large rural population and the citizens in this area have zero facilities and programming. Urbanization seems to be the only priority in this municipality. Very disappointing.	6/10/2019 5:26 PM
755	Other	more indoor turf with better seating for spectators	6/10/2019 5:26 PM
756	Aquatics Ice	A wave pool would bring people from all around. I think the rink should be fully accessible, so that groups like sledge hockey came be welcome. I was amazed at a rural arena that was fully accessible. Such a simple design plan that can include everyone.	6/10/2019 5:19 PM
757	Aquatics	100% an indoor pool with an area for children with a water feature and a water slide would be a nice addition	6/10/2019 5:08 PM
758	Aquatics Fitness / Wellness	Sauna, hot tub - public/lane swims with more flexible hours, aquafit classes during weekends or after-work hours. Fitness centre with beginner level classes.	6/10/2019 5:05 PM
759	Other	FULL indoor turf field	6/10/2019 5:01 PM
760	Other	Another indoor soccer pitch with better seating for spectators. Also an outdoor turf like the one in Courtice would be great. The amount of soccer programs that run one pitch is not enough	6/10/2019 5:01 PM
761	Fitness / Wellness Gymnasium Walking Track	I'd love to see a combination fitness centre/gymnasium/indoor track but with space for child minding. A place where my child can be looked after while I exercise.	6/10/2019 4:53 PM
762	Aquatics	Yes! A tot pool!! :)	6/10/2019 4:49 PM
763	Multi-purpose	Youth centre	6/10/2019 4:45 PM
764	Comment / Sentiment	Please be sure to consider transit, sidewalks and bike paths to get there - we need to consider reducing our reliance on cars and encourage people to be active.	6/10/2019 4:29 PM

New South Bowmanville Recreation Centre

765	Lobby/Admin	Also a great snack bar/coffee shop. Something similar to Legends in oshawa would be Fantastic for our growing community	6/10/2019 4:13 PM
766	Lobby/Admin Multi-purpose	A snack bar, a youth recreation space (somewhere for kids to "hang out" without feeling the need to buy french fries or an over prices smoothie/coffee), possibly a YMCA type program, so that adults could use the fitness facilities and their children could be in supervised activity room.	6/10/2019 4:11 PM
767	Other	Baseball diamonds, soccer fields	6/10/2019 4:03 PM
768	Ice	Three ice pads. One ice pad all year long. Two that switch from ice to floor in the summer. Ball hockey, lacrosse and multiuse.	6/10/2019 4:03 PM
769	Aquatics Gymnasium Lobby/Admin Multi-purpose Other	We very much like the Belleville facility that encompasses all sports. There is a walking/running track up above the ice pads, it has a pool but a 50 meter pool would be better, squash and basketball courts and physiotherapy services. Molded seats instead of benches are a must. A spot for vendors and a variety of food choices would also be great. Solar panels on the roof to make some revenue. Multiple entrances so that it is easy to get to the activity you are attending would make it easier for families and seniors. The bus route should take you to a main entrance. Seniors programs would also be great. This has the potential to be something really great for our community and would draw a great variety of sports to Clarington and generate some excellent revenue. I would rather save a little longer and make it really great rather than make something that is just ok or needs to keep getting added on to. Thanks for allowing us to contribute our thoughts!	6/10/2019 3:57 PM
770	Other Outdoor Space	Indoor climbing wall. Outdoor warrior course.	6/10/2019 3:56 PM
771	Other	Baseball and soccer fields with appropriate drainage.	6/10/2019 3:55 PM
772	Other Walking Track	I would love to see the walking track around the top of the arena like Cobourg. I would live to see a mini stick set up for like Orillia. An indoor climbing wall would be awesome.	6/10/2019 3:54 PM
773	Comment / Sentiment	Ferris wheel	6/10/2019 3:52 PM
774	Multi-purpose Outdoor Space	A new modern outdoor green space for kids of all ages. With equipment to not only challenge them but be fun. (Rock climbing, cargo nets and a large play structure with slides, etc) something not like any park in the region. Also programs rooms and activities for adults. (Cocktail class, cooking, fitness, etc)	6/10/2019 3:36 PM
775	Aquatics Other	We NEED a great pool in Bowmanville - I am so tired of having to take the kids to Newcastle, Courtice or even Legends or GL Roberts in Oshawa. I get we have Alan Strike, but the is not a fun place for kids. We need a HOT hot tub, not luke warm. Rickard should be added on to for more arenas, or add on to South courtice. Keeping the rinks together makes sense for tournaments. Or, make a new, bigger rink in Newcastle at Diane Hamre. We should be modelled after Courtice or Legends/Delpark - everything in 1 stop. I like the idea of the library moving there for accessibility - parking is awful downtown and no convenient. WE NEED A POOL!!!!	6/10/2019 3:36 PM
776	Ice	A minimum of 2 ice pads to meet the needs of the community.	6/10/2019 3:28 PM
777	Comment / Sentiment	Keep the existing softball and hardball diamonds.	6/10/2019 3:27 PM
778	Fitness / Wellness Walking Track	We definitely need fitness and walking facilities	6/10/2019 3:17 PM
779	Aquatics Gymnasium Lobby/Admin Other	Baseball courts would be essential! A library Branch would be nice too. Swimming pool is also an essential. Access to computers. Food options if nothing nearby. Phone charging stations with push-button lock system. Lockers.	6/10/2019 3:15 PM
780	Fitness / Wellness Other	Child care for the fitness centre but active for them as well :)	6/10/2019 3:14 PM
781	Comment / Sentiment	Glad you surveyed! Can you please define the different terms more clearly? (e.g., fitness centre vs gym). Tourism office does not need new digs. Tourism staff do not actually do tourism - they only "promote the Clarington brand" on the backs of people who actually put on tourism events. You want Tourism staff to start doing tourism? Then you can give them new digs in a multi million dollar facility. I would be all for that.	6/10/2019 3:10 PM
782	Lobby/Admin	I've seen many communities have a mini stick rink inside the arena - a space for kids to play mini stick hockey while their sibling is on ice... a fantastic idea I hope Clarington will consider	6/10/2019 3:07 PM

New South Bowmanville Recreation Centre

793	Aquatics Comment / Sentiment	Clarington needs more accessible play options for children. We have a large community of kids with all abilities that is not being catered to. A lift into the pool that can accomodate non mobile people, adaptive gym and play equipment, accepting spaces. It is SO needed here.	6/10/2019 1:27 PM
794	Aquatics	A water slide!	6/10/2019 1:22 PM

804	Fitness / Wellness	Speciality fitness classes.	6/10/2019 12:29 PM
805	Other	We really need another indoor soccer field. A tennis court would also be a nice addition to the space.	6/10/2019 12:12 PM
806	Lobby/Admin	free wifi access cafe during peak periods with seating Clarington really needs this facility to be in the north end not south.	6/10/2019 12:07 PM

New South Bowmanville Recreation Centre

813	Fitness / Wellness	Fitness classes -- right now I have to travel to Courtice or Newcastle if I want to attend a class.	6/10/2019 11:07 AM
814	Aquatics Fitness / Wellness Gymnasium Lobby/Admin Walking Track	Would love to see an indoor splash play pad for toddlers. Large indoor gymnasium for rentals and pickleball. Should have a small café just to provide coffee/tea for parents waiting for children in parties, programs or rentals. Full canteen not necessarily needed. Another Fitness Centre besides CCC is needed. Designated walking track would be nice above perimeter of the facility so it is available at any time without disruption to the programming.	6/10/2019 11:03 AM
815	Comment / Sentiment	Newcastle needs a fitness centre sooner than later. Bowmanville has existing facilities	6/10/2019 5:58 AM

821	Gymnasium	Pickleball	6/9/2019 4:16 PM
822	Gymnasium	Courts for indoor pickleball and outdoor pickleball. This is one of the fastest growing sport for seniors and adolescents. Some facilities have 4 courts, which are not keeping up with the demands for the sport already. My suggestion would be for 6 or more courts.	6/9/2019 3:26 PM
823	Gymnasium	Pickleball Courts. It is social, physical, easy to learn, inexpensive, ALL ages can play it, it can be recreational and competitive , plus it is the fastest growing sport in North America.	6/9/2019 3:09 PM

New South Bowmanville Recreation Centre

835	Gymnasium We desperately need indoor and outdoor PICKLEBALL courts for this amazing multigenerational sports that is the fastest growing sport in North America. It is absolutely addictive and is a fun and inexpensive game that brings everyone together regardless of age, race etc etc.. Please can we personally speak to someone who will listen? My friend [REDACTED] and I have been lobbying people for months from the city and recreation departments but are not getting anywhere. Unfortunately I can't attend the meeting on 18th June because I will be at a Pickleball awards banquet in Ajax. We have support for a local Pickleball initiative from The Pickleball Association of Ontario and we'd love to speak to someone who could help. Please contact me [REDACTED] [REDACTED] I guarantee that there are people that will fill the courts even if you built 10+😊 "Build them and They Will Come" We also have competitions and Tournaments all over the province and it would bring players to our community to enjoy everything we have to offer in our own backyard. These are exciting times for our community. I've lived in Courtice for 26 years and am excited to see the progress in getting people away from their artificial lives on social media and enjoying socializing with real people.	6/9/2019 6:16 AM
836	Definitely a walking track and fitness centre. These have been long overdue in Clarington especially with the aging population. Not everyone wants to play hockey.	6/9/2019 4:00 AM
837	Perhaps it would include some kind of cafe/bistro area and/or casual dining area.	6/8/2019 4:52 PM
838	Yes a four pad arena, not just a twin pad. There is not enough ice and we desperately need more. It's ridiculous that families have to drive to Oshawa for practices.	6/8/2019 3:08 PM
839	Child care for the gym	6/8/2019 9:17 AM
840	Space for the museum and arts. Indoor playground for kids	6/8/2019 6:13 AM
841	Museum space	6/8/2019 4:25 AM
842	I think you have covered it all. It would be a great addition to the growing Clarington community.	6/8/2019 3:51 AM

Benches with shade overhead outside of building. Inside, allow for casual gather of friends and family with tables and chairs.	6/7/2019 7:05 PM
848	Fitness studio	6/7/2019 7:04 PM

851	I'm would just love to see a fitness center in Bowmanville, larger than courtice and with space for classes. We really don't need more ice rinks, but a new pool would be amazing	6/7/2019 6:03 PM

864	Other	Indoor turf field	6/7/2019 1:34 PM
865	Outdoor Space	Small outdoor area for kids summer and March break programs.	6/7/2019 1:19 PM
866	Ice Lobby/Admin	If twin pad arena is to be included, space should be dedicated to allow for proper player warmup activities so that teams do not disturb other patrons. Consider mini stick area in lobby near ice pads for younger siblings (see Quinte Health and Wellness Centre for example) Centralize as many recreational activities on site as possible to potentially make it easier for families to coordinate schedules for multiple children. If you're going to do this, do it right! Don't just settle for the cheapest options! Make a point of reaching out to local hockey, aquatic, figures skating, seniors organizations, etc. to make sure as many needs/wants as possible are addressed.	6/7/2019 1:14 PM
867	Aquatics	Diving board Parkour area	6/7/2019 1:00 PM
