Storm Pump Station Alternatives
Property Owner Meeting – Comment Form

Your participation in the Storm Pump Station Alternatives Property Owner Meeting will improve the results and help us create a plan that we can implement together. Please take a few minutes and provide us with your thoughts and comments on the following questions. Thank you for your input.

Please complete your form drop a copy in the comment box today at the PIC or scan a copy at home and e-mail us at info@weatheringthestorm.ca.

1. Please provide your name and contact information to be added to the project contact list.

Name _____ Email _____

Address _____ Phone _____

2. Please comment on the preliminary preferred pump station alternative and storm system solution that has been presented.

3. Please comment on the evaluation of the alternative solutions, including the selection of the preliminary preferred solution that has been identified.

4. Please describe flooding that you may have experienced on your property or in your home and whether it was caused by a major rainfall event (urban flooding) or high lake/river levels (coastal flooding).

5. Do you have any flood proofing measures already installed on your property, either internally or externally? If so, can you provide a description of these measures?

6. Other comments, questions or suggestions?

Under the Freedom of Information and Protection of Privacy Act, all comments and questions submitted regarding this project will be used for the purposes of creating a consultation report that will be a part of the public record and will be made available to individuals or organizations with an interest in this project. Personal information such as name, address, and telephone number will not be included in the environmental assessment report but will be released, if requested, to any person as part of the review of the Sewer and Coastal Flood Protection Master Plan.
