

esCLOUD

Cloud transformation presents business opportunity, but with additional risk.

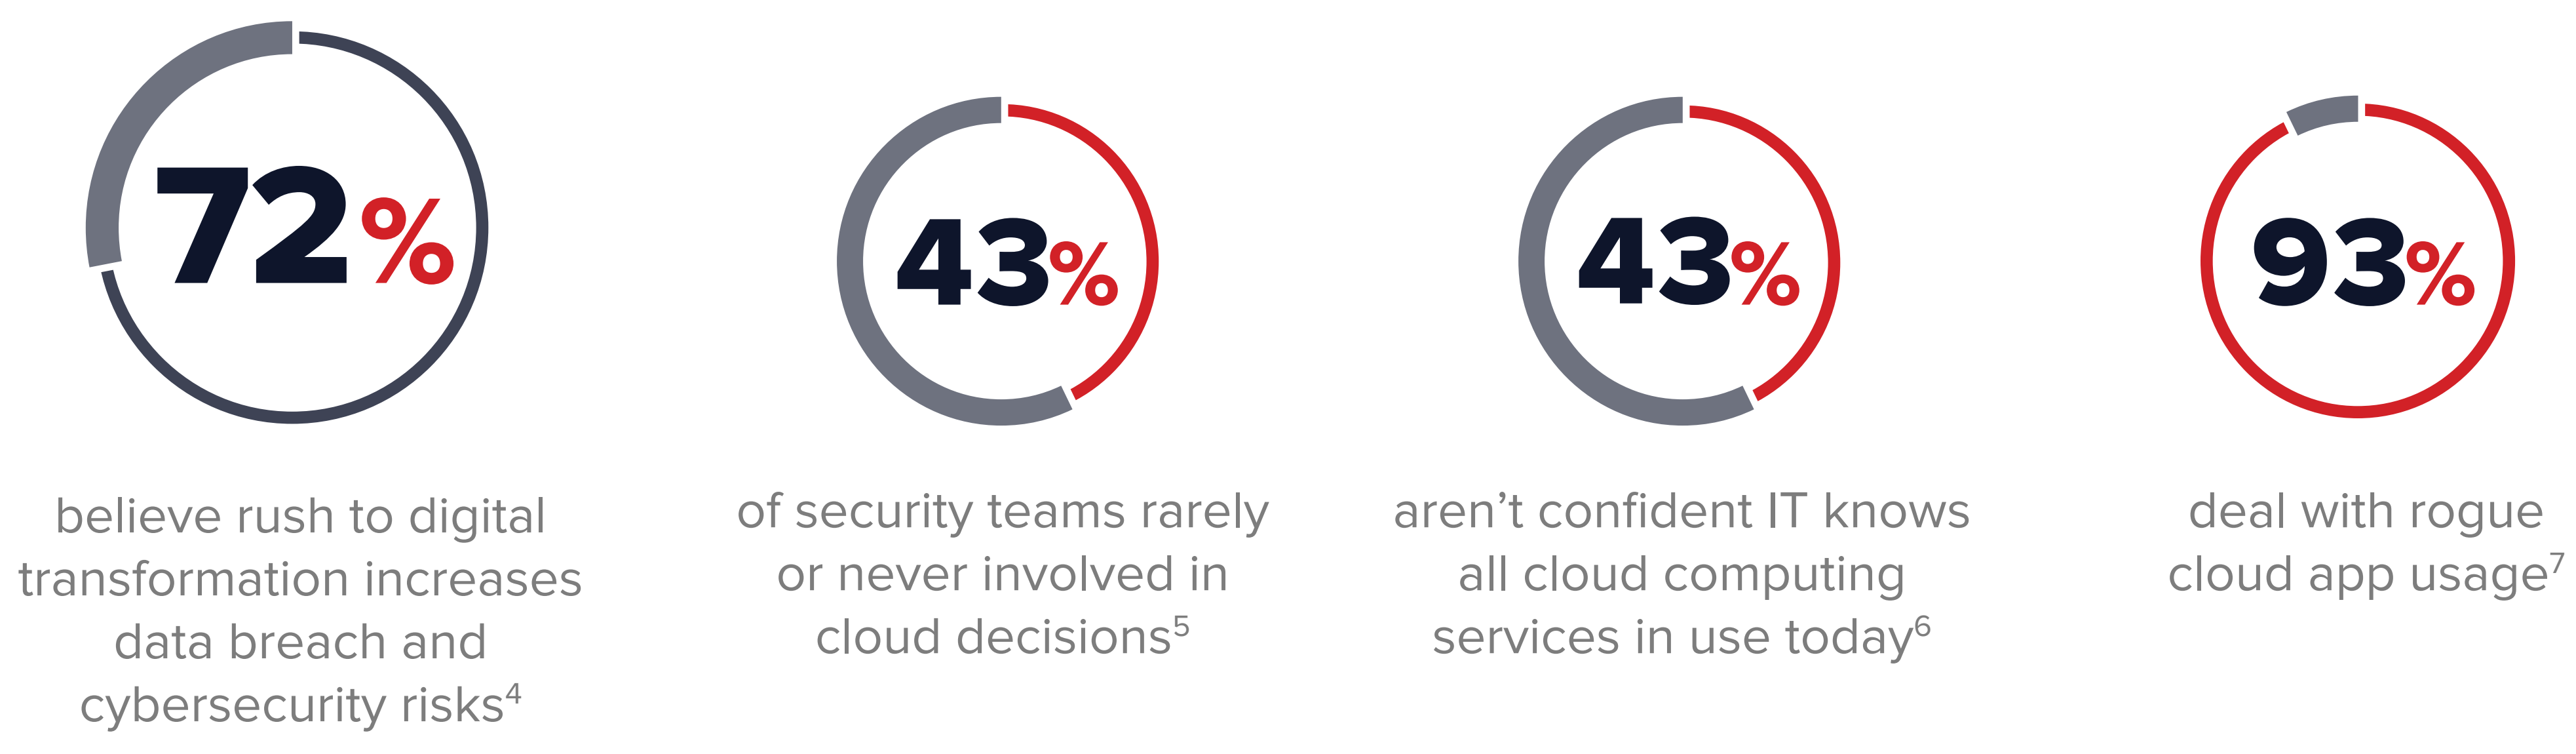

THE PROBLEM

In a race against time, your business is accelerating cloud services adoption to fuel innovation and meet market demand. Your under-resourced and over-extended security team is challenged with facilitating transformation while maintaining cyber resiliency against a growing attack surface. Operating with record precision, cyberattackers are capitalizing on vulnerable cloud environments putting your business at risk. It's time to take back control so you can transform with confidence.

THE SOLUTION

Comprehensive cloud protection. Rapid detection and response. eSentire esCLOUD.

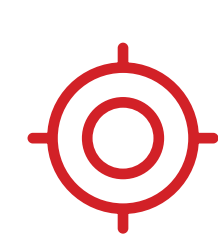

TRANSFORM WITH CONFIDENCE

Assess your risks, identify gaps and establish measurable benchmarks that support continuous business innovation.

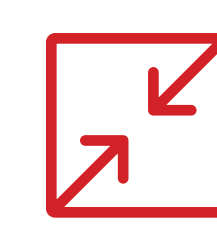

ADAPT WITHOUT RESOURCE RESTRICTIONS

Reduce complexity and alleviate resource constraints with dedicated expertise that aligns to your shared security responsibility.

HUNT THREATS WITHOUT LIMITATIONS

Identify known and unknown threats with integrated threat hunting augmented by machine learning capabilities.

RESPOND WHEREVER WORKLOADS RESIDE

Contain cyberattackers with integrated response teams that facilitate co-remediation and root cause determination.

ABOUT eSENTIRE

eSentire, Inc., the global leader in Managed Detection and Response (MDR), keeps organizations safe from constantly evolving cyberattacks that technology alone cannot prevent. Its 24x7 Security Operations Center (SOC), staffed by elite security analysts, hunts, investigates and responds in real-time to known and unknown threats before they become business disrupting events. Protecting more than \$6 trillion AUM, eSentire absorbs the complexity of cybersecurity, delivering enterprise-grade protection and the ability to comply with growing regulatory requirements.
