Re: Repair work
MTO 2025-4012

Louis W. Bray Construction Limited has been retained by the Ministry of Transportation to perform construction work on Hwy. 401 at the county road 32 underpass under contract number 2022-4009.

As part of this contract, we will be performing deficiency repair work to the underside of the Cty. Rd. 32 underpass with construction activities commencing on Sunday August 9th and will be completed by August 21st.

The following changes to traffic flow are anticipated:

ON RAMPS & HWY. 401

- From approximately August 9, 2026 to August 21, 2026, there will be nightly ramp closures (from approximately 7pm to 6am) of the NS-W Ramp (West Bound on-ramp). The closures may not occur every night and advanced notification signs will be posted in advance of any closures.
- During these nightly ramp closures, Hwy. 401 will be reduced to 1 though lane in the West Bound direction. - The Hwy. 401 off ramps (E-NS & W-NS) will remain open at all times.

COUNTY ROAD 32

- There will be no impact to traffic on County Rd. 32.

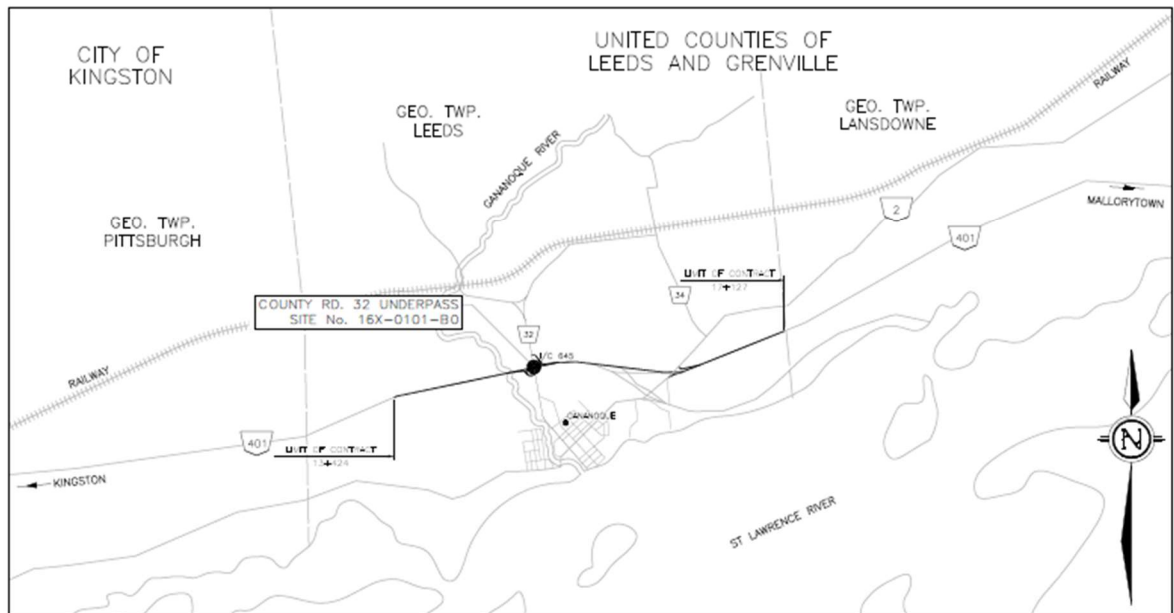

EMERGENCY CONTACTS
