NOTICE

King Street East Update

From: October 16, 2026	To: October 21, 2026

The notice includes:

King Street Road Update

The scheduled protective surface treatment has been applied to King Street East from Charles Street to Carmichael Drive by the Town's contractor.

The road may appear uneven due to the granular material applied as part of the sealant process. Our street sweeper will remove the excess granular material on Monday October 19, which will improve the road surface. Line painting will follow shortly thereafter.

We appreciate your patience and understanding as we complete this work.

On behalf of the Town of Gananoque, we would like to thank you for your patience in this matter.
