

# Playground Equipment at Princess Anne French Immersion Public School

## IDEA SUMMARY

Playground Equipment at Princess Anne French Immersion Public School.

## COST SUMMARY

**Total Cost = \$30,000**

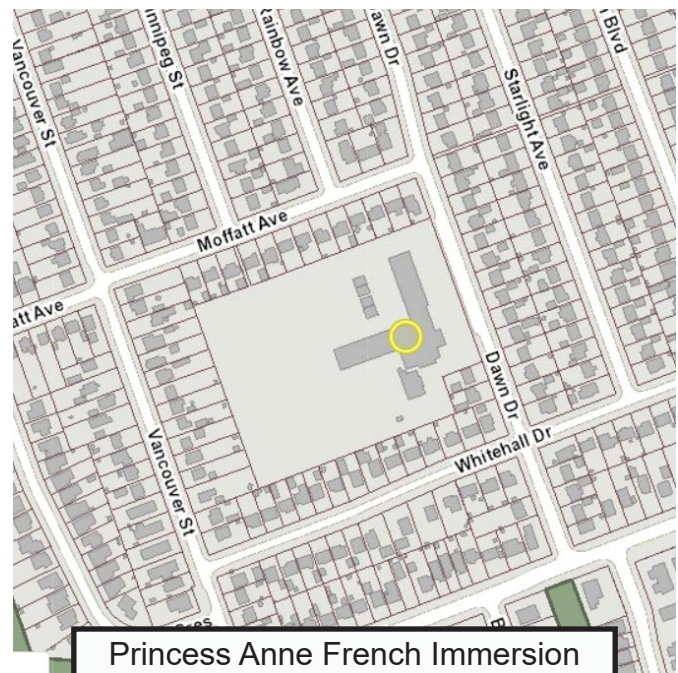

### Cost Breakdown:

Play Equipment - \$30,000

## COMMUNITY IMPACT

School playgrounds and playtime are vitally important to the social and mental well being of children. Playgrounds can provide essential experiences and development for children in areas as diverse as social skills, creativity, problem solving, reasoning and more. By spending time on playgrounds, a child learns diverse skills, tests them with different equipment and strengthens them daily.

## Recreation Station and Snowshoeing in Westminster Ponds

### IDEA SUMMARY

Creation of a recreation station at the Westminster Ponds Centre to allow increased access to outdoor recreation opportunities for not only Westminster residents but the greater London community. We will build onto the Westminster Ponds Centre (WPC) Gatehouse, using the inside of the building as a storage space for recreational equipment.

### COST SUMMARY

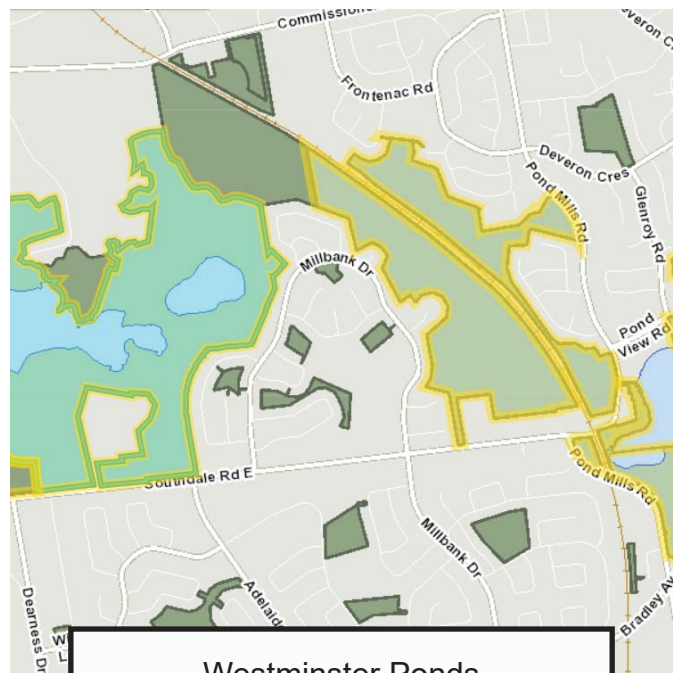

**Total Cost = \$14,624**

**Cost Breakdown:**

Gatehouse Electrical - \$7,107; New lock for door - \$500; Shelving - \$226; Snowshoes and poles - \$7,016

### COMMUNITY IMPACT

This project plans to increase the daily usage of the Environmentally Significant Area (ESA) by providing residents with the opportunity to learn to snowshoe and/or participate in snowshoeing activities. This project has the potential to improve the mental and physical health of Londoners as they become more active in this beautiful outdoor setting.

## Butterfly Garden in Meadowgate Park

### IDEA SUMMARY

Meadowgate Park has a wonderful storm pond with lots of natural growth alongside Jackson Road. We also have the benefit of being very close to Meadowlilly Bee Farm. We would like to plant a ton of bee-friendly local flowers alongside Jackson Road to help the local bees.

### COST SUMMARY

**Total Cost = \$6,000**

**Cost Breakdown:**

Installation of Pollinator Garden - \$6,000

### COMMUNITY IMPACT

This area is in close proximity to a local bee farm. The benefit of a pollinator garden, both environmentally and aesthetically, is a great addition to our neighbourhood.
