Victoria Park Precinct Plan

Community Information Meeting #1:

October 1, 2018

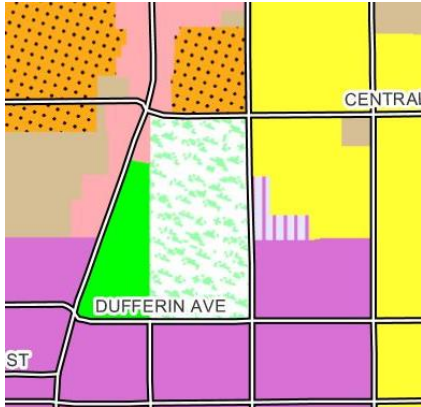

What is the Victoria Park Precinct Plan?

- In May, 2018, Municipal Council directed staff to “undertake a review of the existing plans, policies, and guidelines applying to the properties surrounding Victoria Park and to consider a comprehensive plan for the properties surrounding the Park”.
- Intention is to provide a comprehensive plan for the properties surrounding the Park.
- Planning regime surrounding the Park is varied and lacks a cohesive vision based on the relationship to the Park.
- Urban Strategies has been hired to undertake this study.
- This plan is for the lands around the Park. It will not consider programming within Victoria Park or the design of the Park itself.
