Drew Nesbit

Press Conference

Q. Obviously a pretty strong finish and there was a lot of excitement there amongst your, I guess, fan club, family, friends. Talk about that finish, 6-under in the last eight?

DREW NESBIT: You know, what I just really wanted to make the cut. This is my first PGA TOUR event and I made a bogey on eight, nine and ten, and then I was kind of down in the dumps a bit.

But a couple "let's go" from the fans kept me going, and made a birdie on 11. Made a birdie on 12 and I birdied 13, as well, and that kept me going.

Then I probably hit the best shot of my life on 16. I had 229 to a front flag and I had to slice it about 30 yards and it landed perfect, about four feet from the hole. I made that.

And then I obviously struggled a bit on the chip on 18 but I happened to make that putt, and that probably is going to make me make the cut.

Q. It will be close. There's probably a pretty good chance. Have you been in this position before, and had a finish like that in that atmosphere?

DREW NESBIT: That actually happened once before. A little different atmosphere, a little different finish. I was playing a U.S. Junior qualifier and I made a 10 on the first hole and I made five birdies on the next seven and ended up qualifying, two rounds in the day. But to start 5-over through one, and make it, good playing, I kind of related to that.

Q. So it's not a new experience but obviously on a different level.

DREW NESBIT: There's no level higher than this.

Q. So what will you do now while you're sitting around waiting to see if that's the number?

DREW NESBIT: Just have lunch with my family and just hang out. Say thank you to everybody and hopefully it's good enough.
