## Dustin Johnson

Press Conference

**Q. You've put yourself into a good spot heading into the weekend. You hit 16 of 18 greens today. What did you like best about your play today?**

DUSTIN JOHNSON: I'm hitting the ball good. I hit a lot of good putts that didn't go in the hole. I still feel really good with the putter. I feel like I'm rolling it well. I had a bunch of lipouts today but the golf course played a little bit tougher with the wind. But yeah, I'm in a good position going into the weekend.

**Q. What did you have to adjust in the first two rounds, going from links golf on this course, and it's definitely a lot softer than in years past?**

DUSTIN JOHNSON: Well, this year is definitely a lot softer than last year. Obviously flying the ball -- you can stop it where you're playing it to. You're just adjusting to yardages.

**Q. You mentioned at the beginning of the week that you are just so close to getting to that perfect form that you had for those three wins in a row earlier in the season. Mentally, you're still trying to get there. How would you assess where you're at today?**

DUSTIN JOHNSON: Yeah, it's really close. The golf swing feels a lot better. I'm starting to hit a lot of good shots, a lot more consistent ball flight. It's definitely moving in the right direction.

**Q. Putter seems to be working still.**

DUSTIN JOHNSON: It's okay. I hit a lot of good putts today. Just hit the hole a bunch and it didn't go in. But yeah, I played solid today. Hit a lot of good shots. Kept it in play off the tee. Didn't drive it great but kept it in play.

And then like I said, I hit a lot of good shots today. The irons feel really good. I'm driving it okay, and so I just need to roll in some more putts. But I feel like I'm hitting really good putts. They just didn't go in the hole today.

**Q. Was the driver better today than yesterday?**

DUSTIN JOHNSON: A little bit. A little bit better. It's getting there.
