	Strategy 3.4					
	Continue to transfer land files into digital record system.	Develop a plan to complete this project by 2022-23.	Administration staff are discussing the streamlining of this project to simplify the process and speed up the project	Process has been streamlined and all new documents are being digitized as they come in, keeping all files current.	Continue to digitize current documents into land files.	Continue to digitize current documents into land files.
		Continue to work on project utilizing summer staff.	Two summer students have been hired to move this project forward.	Summer students continue to move this project forward.	Using the new process, Summer Students were able to scan all land files except for Division 6. Division 6 can be completed in one summer.	
		Work with IT providers/ Laserfiche/ Munisight to ensure that all Munisight users can access scanned files.	Staff are working on a connector which will permit staff to access the files that have been scanned into Laserfiche.		It has been determined that we need upgraded software for Laserfiche in order for this to work properly. Our GIS/IT Coordinator is working with our IT consultants to acquire the needed software.	We continue to work with Laserfiche and X10 to determine a path forward to resolve this issue. Anticipate a resolution in early 2023.

3. Corporate Services		Develop a plan to incorporate current subdivision files/planning and development files into digital record system.	Staff will begin moving digital copies of subdivision files directly into the Laserfiche system.	Ongoing.	Ongoing.	Current subdivision files being filed digitally without making hard files.
	Strategy 3.5					
	Have accurate assessment of County properties.	Work with provincial assessors to ensure accurate designated industrial property assessment.	Staff continue to work with the provincial assessors to obtain the necessary information required to update our records accurate and complete. We have requested detailed information from the Province to determine accuracy of information.			Ongoing.
		Verify that designated industrial property assessment (DIP) and linear property assessment is properly stored and recorded in the assessment software program and transferred to financial program for taxation purposes so reporting is balanced.	The transfer of assessment data from the Province worked well. We did not get detailed data until requested. We are still needing some data to ensure we have the same information we had prior to integration into centralized assessment with the Province conducting assessments for DIP properties in the County.			CAO met with Provincial assessment staff in November to review processes and strategize to ensure best process based on number of assessments they do.
		Update ortho photos.	The County, along with the County of Two Hills, Smoky Lake County and Lamont County applied an ACP grant to update ortho photos. We have not received information regarding this grant application yet.	Budget dollars for this included in 2022. Grant was unsuccessful.	Ortho photos will be delivered to County in Q4.	New Ortho photos are now available on GIS system.
		Continue to work with Accurate Assessment to ensure DIP and linear assessments are reviewed annually to verify accuracy of assessments.	Accurate Assessment is reviewing the data from the Province to see if there are any potential assessments that were missed and need to be reported to the Province.	Assessment discrepancies were provided to the Province.	No action was taken by the province regarding the noted assessment discrepancies. The Province indicates that these will be resolved for 2022 assessment for 2023 tax year.	This issue was discussed during November meeting with Provincial staff.
	Strategy 3.6					
	Continue to maintain and upgrade Administration Building.	Upgrades lower Board Room and Security system.	Lights have been changed in lower level board room. No further building improvements are planned at this time.	Security Cameras have been installed for the parking lot in the administration building. To be paid from Risk Pro Credits.	No action in Q3.	Key Fob system has been expanded to interior doors that access the upper level at the Administration Office.

The consultant is working on stakeholder engagement for this ASP as well as background information.		Consultant has completed draft concept plan which needs to be presented to the Councils in Q4.	Consultant has been adjusting concept plan due to changes from Town of Elk Point. Background information has been shared with each Council.
		Consider other ASP's through grant funding.	The County is part of an APC grant for an ASP for the Elk Point and District Airport with the Town of Elk Point as the Managing partner.		The ASP for the Elk Point Airport will be awarded and started in Q4.	The ASP for the Elk Point Airport has been awarded to HM Area. They have completed some preliminary work. Next steps to be determined in late January 2023.
	Strategy 4.2					
	Resurvey Plan 527MC Block 1 at Vincent Lake to have house be situated on the lots.	Finalize survey. Apply for accretion and close roadways adjacent to plan area.	Administration/Explore are working to obtain approval for road closures before they can be submitted to the Minister of Transportation for approval. Some land has changed hands in this subdivision which is causing this project to slow down while lot lines are being reviewed.	Waiting for one landowner to return their letter consenting to the road closure. Deadline to reply is July 29th.	Documents have been submitted to Alberta Transportation for the closure of Pine Street and the Government road allowance. New Surveyor is working with the last landowners to determine proposed lot lines so Subdivision can be applied for when road closures are completed.	Road Closure of Pine Street is complete. Anticipate to complete Road Closure of RR95 by February 2023. Once these are completed, we will be able to submit subdivision application. Council has approved to cover the cost of subdivision application. Still waiting for one lot owner to approve one lot line.
		Sell the land that is currently Environmental Reserve but would become the landowners after re-survey to the appropriate lot owners.				
		Registration of land titles and new titles issued to landowners and County.				
		Determine legal access for all properties.				Proposed subdivision plan includes internal road. County upgraded internal road in 2021.
	Strategy 4.3					
	Resurvey of Mallaig lots along Railway Avenue.	Complete resurvey, sell and consolidate lots	No progress made in Q1.	No progress made in Q2.	Transferred project to new survey company. Work is progressing in Q4	Council gave 1st reading to bylaw to close a portion of the road which will become part of each lot once project is complete

4. Planning and Development	Strategy 4.4					
	Determine opportunities to encourage development and reduce red tape.	Develop podcasts to assist residents with Planning and Development processes.			No action in Q3	This has been removed from 2023 Strategic Plan
		Increase staffing to handle the number of calls/permits.	In Q1, Council determined to contract out the Safety Code Permits for the County to Superior Safety Codes for the balance of the contract - to December 2023. Our Development Officer has left on a Leave of Absence early so we currently are short staffed through the use of a consultant. Administration continues to recruit for a Development Officer.	Hired Development Officer in Q2 - being trained by consultant	Training/Professional Development is continuing for new staff member. Transfer of Safety Code Permits to Superior Safety Codes is working well - no complaints to Administration.	Current staffing seems to be working. Very few complaints regarding P&D

5. Economic Development	Strategy 5.1					
	Centralized Economic Development within the region.	Regional Engagement to - Develop a centralized source for regional development information from municipalities, Alberta government, educational institutions and businesses; proactively develop partnerships; deliver helpful business and workforce development information/ resources to stakeholders.	The regional municipalities have agreed to and budgeted for the continuation of the Regional Economic Development Officer (EDO) position under the STEP (St Paul-Elk Point) Economic Development Alliance. She continues to carry out projects and activities identified by STEP.	Regional EDO continues to build capacity across the region to centralize economic development by speaking and working collaboratively to develop a deep knowledge of each municipality, build partnerships, identify regional challenges and seek regional collaboration toward economic growth.	The County of St. Paul, together with the Towns of St. Paul and Elk Point, and Summer Village of Horseshoe Bay received information/ recommendations from the Regional EDO at the Joint Council meeting with respect to the STEP MOU, budget, current and future projects.	Municipal partners sign STEP MOU to expire December 31, 2027.
		Marketing and Communications: Coordinate of site selection information and marketing with municipalities; provide materials and resources a per stakeholder requests.	Updated AB Hub profiles for STEP communities; update site selection information; provide resources to stakeholders; actively working on employer tools for worker attraction. Identify updates and changes required to STEP website to achieve regional branding and communication to stakeholders.	Regional EDO promotes the region at various meetings, conferences and events, speaking to each municipality as part of a larger region.	Regional EDO worked with the Ag Services Fieldman & Board to craft an agenda for the upcoming ABS Conference in November with a focus on agricultural investment. The focus supports the ASB objectives to create sustainable agriculture and rural communities. An invitation has been sent to regional EDOs through the Alberta Hub.
