(wandacochrane@elkpoint.ca) OR

Communities in Bloom

Water Capture Rebate Program

The Elk Point Economic Development Committee is launching a new Communities in Bloom initiative to support sustainable water use and beautify our community.

What's Offered: Up to 6 households/businesses receive a \$100 rebate, and for installing a rain barrel system and improving outdoor spaces.

To Qualify: Buy a rain barrel locally (receipt required), Spend at least \$300 on materials, install the system and submit before/after photos, complete a short application, and be located in the Town of Elk Point of County of St. Paul.

Join us in growing a greener Elk Point—save water and enhance your yard!

Deadline: August 10th, 2026

Apply via edc@elkpointchamber.ca or Town Office

Communities in Bloom

Dear Community Members,

The Elk Point Economic Developments Committee is proud to celebrate Communities in Bloom 2026 with this year's theme:

Therapeutic Gardening

Gardening isn't just about beauty—it's about wellness, relaxation, and creating spaces that support both mental and physical health. To bring this theme to life, we're encouraging residents and businesses to plant lavender throughout the community. Known for its calming scent and vibrant colour, lavender is a perfect way to promote peace, pollinator health, and visual appeal.

Get Involved: Plant lavender in your yard, garden, or business frontage, creating calming, welcoming outdoor spaces, and help build a healthier, more beautiful community.

Let's grow together—plant lavender and be part of a more vibrant, relaxing community in bloom!

REMINDER: Town of Elk Point Public Works has transitioned to a contract with E360 Solutions for garbage pick-up beginning June 3rd, 2026. The whole Town will have the garbage collected within 1 Day.

Note: E360 Solutions requires garbage bins be out in curb by 7AM.
