A woman with long dark hair, wearing a white long-sleeved top and blue jeans, is walking down a set of stone steps. She is holding the hand of a young girl in a light blue dress. They are surrounded by dense green foliage, including large ferns and bushes. In the background, there are large, rounded trees with reddish-brown leaves and a wooden bridge. The scene is bright and sunny, with dappled light on the ground.

TRULY, A WORLD-CLASS BACKYARD.

This part of the Westside is known for its serene and stunning parks. An array of green hues and vivid florals greets you in neighbouring Queen Elizabeth Park, home to Bloedel Conservatory, lush trails, tennis courts, lawn bowling, and pitch and putt. More tranquility and beauty awaits at VanDusen Botanical Garden, only a block from home.

A SHARED OUTDOOR EXPERIENCE

An intimate social life flourishes in a landscaped central courtyard for residents. Grow a garden in the community planters, smile at your kids having fun in the play area, gather around a cozy fire pit, and feast on barbequed meals on the picnic tables. This degree of wellness and connection preserves a healthy lifestyle.

TRUSTED LOCAL EXPERIENCED

INTERGULF DEVELOPMENT GROUP

Having spent over 40 years building homes here, Intergulf is one of Vancouver’s most trusted local developers. Our family-owned company is more than a development firm — we also have our own construction and property management arms. This cohesion keeps our high standards consistent through every step of the real estate process. We are careful to design and build homes for homeowners, ensuring every square foot is efficient, which allows us to deliver highly livable homes we can be proud of.

These decades of experience have led to the formation of Intergulf Intelligence, the principles and insights that flow into each of our homes. Thoughtful design, quality construction, and an uncommon attention to detail have produced over 11,500 homes across Western North America. Kinsley, our third project on the Cambie Corridor, will join this legacy of excellence.
