International Fee Details (cont'd)

The Activity and Materials Fee covers computer equipment and software, the Upper School Innovation Hub equipment, P.E. equipment and participation in SSAF sports, and the delivery of certain co-curricular activities and programs with some transportation to such throughout the year. This fee does not include the full cost of the Lower School skating program, admission to special events, field trips and venues (including any overnight excursions), or Upper School textbooks.

The Application Fee is a one-time only, non-refundable fee, required for each applicant at the start of the application process.

Enrollment Fee is a one-time only fee, due for each new student upon submission of the signed Enrollment Agreement.

International Health Insurance is mandatory for every international student while attending school. This cost covers 12 months.

Custodial Requirements are required for each international student who does not live with a parent in Canada to have a custodian (a legal guardian) while attending school. The custodian is another support system working closely with the school to ensure the overall success of the student and also provide assistance with emergencies, immigration and travel for the student.

A family may identify their own custodian for their child or may wish to use a third-party consultant to provide professional guardianship services. Parents can also ask the school to help secure a custodian.

Custodians must be English-speaking, over the age of 21, a Canadian citizen residing within a reasonable distance of the student's intended residence and school and be willing to act in place of a parent in Canada.

Family Homestay Program For Upper School students from other countries without parents/guardian living with them in Toronto, Hudson College offers Family Homestay as a premium accommodation option.

Our Canadian host families include:

The goal of the Family Homestay Program is to provide international students with a safe, supportive home as well as a full culture and language immersion experience after school. Through dinners at home, trips to local stores, family activities on weekends, or spending time at the cottage, our students get to experience Canadian customs and values. Hudson parents and staff members also understand our school culture, values and routines.

Students are provided with a private room, three meals every day, high-speed internet connection in the room and complete family immersion. A monthly Homestay report is sent to the parents.

The Family Homestay Program is managed by Hudson College Student Services. We make every effort to match students and families — creating a comfortable and positive experience for everyone.

English as a Second Language (ESL) Students Students whose first language is not English may be required to enroll in our English as a Second Language (ESL) program. Each ESL level provides 2–3 periods of ESL courses every day, with credits towards the Ontario Secondary School Diploma (OSSD). ESL courses offered within the regular school year are included in the Tuition Fee. If additional support is necessary, an extra fee will be charged.
