

British Columbia Integrated Pest Management Regulations (BCIPMR)

IMPORTANT:

Due to new BCIPM Regulations, as of January 1st 2014, TerraLink may only sell commercial class pesticides to customers that provide the required proof of commercial operation.

Current Account Holders

All current account holders must ensure their account has been updated with one of the following **documents** if they purchase commercial pesticides:

- BC Farmer ID card / Folio Number from your farm status assessment
- Business Licence
- Pesticide Applicators Certificate (required for the purchase of Restricted Pesticides)

Non-Account holders and new account applicants must provide the following information as proof of operation:

- Name
- Address
- Phone Number
- Type of crop pesticide will be applied to

and one of the following documents:

- BC Farmer ID card / Folio Number from your farm status assessment
- Business Licence
- Pesticide Applicators Certificate (required for the purchase of Restricted Pesticides)

TerraLink strives to remain compliant with all of the BCIPM Regulations, and we will not sell any pesticides for non-registered crop use or to the domestic market.

We appreciate your understanding of these rules and regulations.

Thank you from the Management and Staff of
TerraLink Horticulture

Rooted in your community.
